| Joe Neves, Vice-Chair | | |
| #4 2019 Quality Improvement Program Description and Work Plan | Dr. Marabella presented the 2019 Quality Improvement Program Description and Work Plan. | See #6 for Action Taken |
| Action Joe Neves, Vice-Chair | The highlights of changes for the 2019 QI Program Description include: Changes in the Health Promotion Programs: New description of the Health Ed interventions and resources available to members. A new Diabetes Prevention Program was added. Case Management Program (CM): Name change, previously "Integrated Case Management", "Integrated has been removed and the new title is inclusive of all the various CM programs available. Access & Availability: | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------|---|--------------|
| AGENDA ITEM / PRESENTER | A new Telephone Access Survey was added to assess provider offices and the length of time it takes their staff to answer the phone and return calls to members. Activities for 2019 Quality Improvement Work Plan continue to focus on: Improve access to care: | ACTION TAKEN |
| | Dr. Marabella concluded with a brief summary of the Governor's letter received February 28, 2019. This letter outlines the results of a State audit and the Governor's plans to address deficiencies that were identified. Going forward emphasis will be on access to healthcare, children's initiatives and alignment with the CMS Core Measures. The minimum performance level will increase from the 25 th percentile to | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|--------------------------------|---|-------------------------|
| | the 50 th percentile for the state reported quality measures. Updates | |
| | will be provided as additional information becomes available. | |
| #5 2019 Utilization Management | Dr. Marabella presented the 2019 Utilization Management and Case | See #6 for Action Taken |
| Program Description and Work | Management Program Descriptions and Work Plan. | |
| Plan Evaluation | | |
| | Changes to the 2019 Utilization Management & Case Management | |
| | Programs include: | |
| Action | This year the Utilization Management and Case Management Draggams have separated and will each have their own Braggam. | |
| Joe Neves, Vice-Chair | Programs have separated and will each have their own Program Description. | |
| Joe Neves, vice chair | The annual Work Plan for UM and CM remains combined. | |
| | | |
| | The three components of the 2019 UM and CM Programs are: | |
| | 2019 Utilization Management Program Description and Case | |
| | Management Program Description each provide a roadmap for | |
| | structure, resources and monitoring for their respective programs. | |
| | 2019 UM/CM Work Plan is the plan for monitoring and | |
| | improvement activities throughout the year. It is updated annually | |
| | with a mid-year evaluation of progress. | |
| | Highlights of the changes to the Utilization Management 2019 Program Description include: | |
| | Most references to Case Management (CM) have been removed and | |
| | placed in the new CM Program Description, with the exception of | |
| | sections where the Work Plan is referenced. | |
| | Pages 24-28 were initially deleted, however after further review it | |
| | was determined that for consistency and clarity they will for the | |
| | most part, remain in the document. | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|---|--|---|
| | Nurse Advice Line and Continuity of Care will remain in the UM Program Description. Utilization Decision Criteria were updated to include additional detail and to reflect current practice. | |
| | The areas of focus for the 2019 Utilization Management / Case Management Work Plan include: Compliance with Regulatory & Accreditation Requirements: Ensure licensure, attestations and audits are current and complete Monitoring the UM Process. A new initiative added to this process creates a focus on increasing Medical Director collaboration with the UM teams to ensure members are receiving appropriate timely services. Monitoring Utilization Metrics: Track effectiveness of care management. New measurable goals have been added for this area and are stated as a 10% reduction in admissions and a 5% increase in discharge to recuperative and alternative care. Monitoring Coordination with Other Programs and Vendor Oversight. Behavioral Health Case Management has been added. Monitoring Activities for Special Populations. Continue monitoring care of SPDs and CCS identification. | |
| #6 2019 Case Management Program Description | Dr. Marabella announced new for 2019, Case Management will have its own Program Description covering: | Motion: Approve 2019 Quality Improvement Program Description |
| Action Joe Neves, Vice-Chair | Scope, Goals & Objectives, and Functions. Infrastructure and Tools. Member Identification and Access. Screening and Assessment. Program Assessment and Impact Measurement. | and Work Plan; the 2019 Utilization Management Program Description and Work Plan; and the 2019 Case Management Program Description |

|------------------------------|--|--|
| | | 13-0-0-4 (Nikoghosian / Cardona) |
| #7 Standing Reports | Operations Report | Motion: Approve Standing Reports |
| • Operations J. Nkansah, COO | Jeff Nkansah presented the Operations Report. Currently, there are no issues, concerns, or items of significance as it relates to IT Communications and Systems, and Privacy & Security. With regard to the Member Call Center and CVH Website, 1st quarter 2019 numbers are not yet available. During the March Public Policy Committee meeting a discussion was had with recommendations on potential enhancements that could bring value to the CVH Website. This is still in the exploratory phase and any updates will be reported out during future Commission meetings included with either the Operations report or Compliance report. Activities related to Provider Network and Provider Relations are as of January 2019. The increase in Specialist count is attributed to data integrity efforts. The status as of March with regards to screening and enrolling Providers into the network as it relates to regulatory issues is that if a Provider is new to our network and has not gone through the screening and enrollment process CVH will allow the provider to provide proof from the state that they have, at minimum, applied so that it can be validated and CVH can provisionally allow them into the network. This will continue to be monitored and if found they have not applied, they will be removed from the network. In addition, if existing providers have not provided proof and have not gone through the | 13 – 0 – 0 – 4 (Rogers / Fields- Keene) |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|--|--|--------------|
| | process to screen and enroll, CVH will begin efforts to comply with | |
| | regulatory requirements to remove the providers from the network. | |
| | With regard to Claims Processing activities, quarterly numbers were received as it relates to our participating provider groups. PPG2 has | |
| | met goal for Q4. Compliance requirements and goals were met in all other areas for PPGs | |
| | With regard to Provider Disputes, PPG2 did not meet goals for Q4. The Corrective Action Plans remain in effect and preliminary information | |
| | reveals they should meet goal in Q1 2019. | |
| | <u>Finance</u> | |
| Finance Report Daniel Maychen, CFO | Financial Statements as of January 31, 2019: | |
| | Total current assets were approximately \$165.8M; total current | |
| | liabilities were approximately \$111.4M. Current ratio is 1.49. TNE as of January 31, 2019 was approximately \$65.1M, which is approximately | |
| | 490% above the minimum DMHC required TNE amount. | |
| | Total revenue for first seven months of current fiscal year is | |
| | approximately \$687.3M which is \$21.3M above budgeted amounts primarily due to rates being higher than projected and enrollment being | |
| | higher than projected. For those same reasons, capitation medical | |
| | costs and admin service fees expense are higher than budgeted. | |
| | All other expense line items are either below or consistent with budget, | |
| | with the exception of marketing and license expense. Marketing | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------|--|--------------|
| | expense was ramped up during the months of October 2018 through | |
| | December 2018 with anticipation of open enrollment. In addition, | |
| | license expense was higher than budgeted due to actual DMHC | |
| | licensing fee being higher than initially projected. Total net income for | |
| | the first seven months of the fiscal year is approximately \$5.3M which is | |
| | approximately \$1.3M more than budgeted. | |
| | Compliance | |
| Compliance | Mary Beth Corrado presented the Compliance Report. As of mid- | |
| M.B. Corrado, CCO | March, there have been a total of 46 filings, which is an increase in filing | |
| | activity compared to end of March 2018. | |
| | There were two Fraud Waste and Abuse cases reported to the State in | |
| | January, zero in February and March to date. | |
| | Oversight activity and monthly meetings with Health Net continue. In | |
| | final stages and wrap up with Kaiser. | |
| | In relation to Regulatory Reviews and Audits, DMHC closed the | |
| | Undertaking requirement regarding the termination of contract with | |
| | Kaiser, pending the submission of a Material Modification for | |
| | Alternative Access Standards and a Significant Network Change | |
| | Amendment which was submitted by 1/31/19. CVH is currently in | |
| | process of responding to comment letters received from DMHC. | |
| | In December 2018 CVH received a letter from DHCS listing their findings | |
| | from the 2018 Medical Audit; in January 2019 CVH filed a CAP response | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|---|--|--------------|
| | with an update filed in February, and another to be filed in March. Final | |
| | approval is still pending. | |
| | The encounter data CAP with DHCS has officially been closed as of | |
| | 3/20/19. | |
| | The Plan continues to provide responses and post-audit documents to | |
| | DHCS and DMHC in relation to the onsite audit that took place in February 2019. | |
| | The Health Homes Program (HHP) is a multi-phase program with the | |
| | first phase being implemented as of 7/1/19. The Plan is currently in the process of filings for the program. Member notifications will be sent | |
| | out. The second phase, relating to mental health, will be implemented | |
| | October or November of 2019. | |
| | The Public Policy Committee met March 6, 2019. The committee | |
| | reviewed several reports relating to Grievance & Appeals, Health Education, and Compliance. The next meeting is scheduled for June 12, | |
| | 2019 in Kings County. | |
| | A comprehensive report on 2019 New California Health Care Laws was | |
| | reported out. | |
| | Medical Management | |
| Medical Management P. Marabella, MD, CMO | Appeals and Grievances Dashboard | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------|---|--------------|
| | Dr. Marabella presented the Appeals & Grievances Dashboard through | |
| | January 31, 2019. | |
| | Grievance & Appeals Data: | |
| | A total of 107 grievances were received in January 2019. | |
| | Total grievances resolved was 116. | |
| | Majority of grievances were Quality of Service with respect to | |
| | Administrative; with minimal Quality of Care grievances. | |
| | Exempt grievances for January 2019 were relatively low compared | |
| | to last year. | |
| | The number of appeals received for January was 41 The number of appeals received for Appeals rec | |
| | Total number of appeals resolved was 52, all of which were pre- | |
| | service with the majority related to Advanced Imaging and pharmacy. | |
| | рпатпасу. | |
| | Key Indicator Report | |
| | Dr. Marabella presented the Key Indicator Report through January 2019. | |
| | Membership remains consistent. | |
| | Acute Admits have increased through Q4 2018 and into January | |
| | 2019 similar to last year. | |
| | ER visits have declined since same time last year. | |
| | CCS identification rate has increased slightly | |
| | Turn-around times had good compliance in January. | |
| | Total cases managed for Perinatal Case Management and Integrated | |
| | Case Managed have remained consistent. | |
| | Overall the case management program results have been favorable. | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------|---|--------------|
| | QI/UM Quarterly Report | |
| | Dr. Marabella provided the QI/UM Qtr. 4, 2018 through February 2019 update. Two QI/UM meetings were held in Quarter 4; in October and November, and one in February 2019. The following guiding documents were approved: 1. Preventive Screening Guidelines 2. C & L Language Assistance Program Mid-Year Report 3. C & L Work Plan Mid-Year Evaluation 4. Health Education Mid-Year Evaluation 5. 2018 QI Work Plan End of Year Evaluation 6. 2018 UMCM Work Plan End of Year Evaluation 7. Clinical Practice & Preventive Screening Guidelines | |
| | The following general documents were also approved at these meetings: | |
| | QI Annual Policy Review Medical Policies Pharmacy Formulary & Provider Updates Public Health Annual Policy Review | |
| | The following Quality Improvement Reports were reviewed: Appeals and Grievances Dashboard through December 2018, all Q4 A & G reports, the Initial Health Assessment Report (Q1 & Q2), Potential Quality Issues Report, Facility Site (FSR) & Medical Record (MRR) & PARS Review, MHN Performance Indicator Report, and other QI reports. | |
| | The Utilization Management & Case Management reports reviewed included the Key Indicator Report, Utilization Management Concurrent | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------|---|--------------|
| | Review Report, and the Case Management, Transitional Case Management, Palliative Care, and Behavioral Health Case Management (BHCM) Report. The quarterly Pharmacy reports were reviewed covering Operations | |
| | Metrics, Top Medication Prior Authorization Requests and quarterly Formulary Changes. These reports assess for emerging patterns in authorization requests and compliance with prior authorization (PA) turn-around times. All third quarter pharmacy PA metrics were within 5% of standard. | |
| | Q4 HEDIS® related activities focused on improving targeted measures above the Minimum Performance Level (MPL). Projects for RY2019 Include: Monitoring Patients on Persistent Medications – Madera County Avoid Antibiotics in Adults with Bronchitis – Madera County Breast Cancer Screening – Fresno County Comprehensive Diabetes Care – Fresno County Efforts also continue with the two Performance Improvement Projects (PIPs) on Childhood immunizations and Postpartum visits. These PIPs are scheduled to close June 30th, 2019. | |
| | Credentialing Sub-Committee Quarterly Report | |
| | In Quarter 1 the Credentialing Sub-Committee met on February 21, 2019. Routine credentialing and re-credentialing reports were reviewed | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------|--|--------------|
| | for both delegated and non-delegated services. Reports covering Q3 | |
| | 2018 were reviewed for delegated entities and Q4 2018 report was | |
| | reviewed for Health Net. The Credentialing Sub-Committee reviewed | |
| | and approved the Credentialing policies and procedures that were | |
| | updated for 2019. Two policies had significant changes, one policy was | |
| | retired and the remaining policies had no changes or minor edits. The | |
| | Q4 2018 Credentialing report was reviewed with one case that resulted | |
| | in an uphold of denial for re-entry with subsequent request for Fair | |
| | Hearing. Other County-specific Credentialing Sub-Committee reports | |
| | were reviewed and approved. No other significant cases were | |
| | identified on these reports. | |
| | Peer Review Sub-Committee Quarterly Report | |
| | The Peer Review Sub-Committee met on February 21, 2019. The | |
| | county-specific Peer Review Sub-Committee Summary Reports for Q4 | |
| | 2018 were reviewed for approval. There were no significant cases to | |
| | report. The Peer Review policies and procedures were reviewed with | |
| | the 2019 updates. One policy was accepted with minor edits and one | |
| | policy with more significant edits was reviewed and accepted. | |
| | The Q4 2018 Peer Count Report was presented and there were three | |
| | cases closed and cleared. There were no cases pending closure for | |
| | Corrective Action Plan compliance. There was one case pended for | |
| | further information. Follow up will be initiated to obtain additional | |
| | information on tabled case and ongoing monitoring and reporting will | |
| | continue. | |
| | | |
| | | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------------------------|---|--------------|
| | Executive Report | |
| • Executive Report | | |
| G. Hund, CEO | Membership for February 2019 is consistent with previous months. | |
| | Year over year, CalViva Health is one of three Health Plans of all public | |
| | health plans that had an increase in membership. The Share of Choice | |
| | % in Kings County increased for the first time since inception of CalViva | |
| | Health. | |
| | An update on the Telehealth program in reference to e-Consult was | |
| | provided. | |
| | | |
| | A letter from the Governor of California was received on 2/28/19 asking | |
| | all CEOs of health plans to respond to his concerns regarding access for | |
| | preventative care for children; a response from CVH will be sent by | |
| | 4/1/19 and include current initiatives with regard to this matter. | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|--|--|---|
| #1 Call to Order D. Maychen, Chair | The meeting was called to order at 11:30 am, a quorum was present. | |
| #2 New Finance Committee Member Information D. Maychen, Chair | New Finance Committee member, John Frye, was announced. | |
| #3 Finance Committee Minutes dated October 18, 2018 Attachment 3.A Action | The minutes from the October 18, 2018 Finance meeting were approved as read. | Motion: Minutes were approved 5-0-0-2 (Neves / Nikoghosian) |

| D. Maychen, Chair | | rinance committee |
|---|---|---|
| #4 Financial Statements as of December 31, 2018 Attachment 4.A Action D. Maychen, Chair | Total current assets were approximately \$273M; total current liabilities were approximately \$219M. Current ratio is 1.24. TNE as of December 31, 2018 was approximately \$64.4M, which is approximately 484% of the minimum DMHC required TNE amount. Total revenue reported for first six months of fiscal year was approximately \$590M which is \$19.1M above budgeted amounts primarily due to rates being higher than projected and enrollment being higher than projected. For those same reasons, capitation medical costs and admin service fees expense are higher than budgeted. All other expense line items are either below or in line with budget. Total net income for the first six months of the fiscal year is approximately \$4.6M which is approximately \$1.2M more than budgeted. | Motion: Approve Financial Statements as of December 31, 2018 6-0-0-1 (Nikoghosian / Soares) |
| #5 Fiscal Year 2020 – Review and Discuss Budget Attachment 5.A Action D. Maychen, Chair | A formalized budget is planned for presentation at the March meeting with intent to accept and adopt. Any changes as a result of the March meeting will carry on to an April meeting. The formal budget will be presented at the May Commission meeting. Basic assumptions are consistent with prior years with the exception of an increase in Knox Keene licensing fee, marketing expense, interest income, net income, and staffing increase to 18. In addition, enrollment is projected to be relatively flat for FY 2020. An overall rate decrease of approximately 1.3% is also projected. The current MCO tax is set to expire June 30, 2019 and an extension was not included in Gov. Newsom's initial state fiscal year 2020 budget proposal. As such, MCO | Motion: Approve Budget Assumptions 6-0-0-1 (Nikoghosian / Neves) |

Finance Committee

| | taxes were not included in CalViva's fiscal year 2020 preliminary budget. A recommendation was made by John Frye to create a secondary budget adding MCO tax. | |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|--|--|--|
| #3 QI Business -Potential Quality Issues (Q4) (Attachment N) Action Patrick Marabella, M.D., Chair | Inter-rater Reliability Report ➤ The Inter-rater Reliability audit evaluates clinical and non-clinical A&G staff adherence to regulatory requirements and internal policies and procedures established for the handling of appeals and grievances. ➤ For the audit period of October 1, 2018 through December 31, 2018, results for the appeals and grievances case reviews averaged an overall score of 99.93%. The audit score threshold is 95%. ➤ Feedback is provided to A&G staff on all audit findings. This report provides a summary of Potential Quality Issues (PQIs) identified during the reporting period that may result in substantial harm to a CVH member. PQI reviews may be initiated by a member, non-member, or peer review activity. Peer review activities include cases with a severity code level of III or IV or any case the CalViva Health Chief Medical Officer (CMO) requests to be forwarded to Peer Review. ➤ Several non-member PQI's in 2018 were discovered during this reporting period not to have been adjudicated in a timely manner. ➤ Cases were reconciled and this Q4 report reflects accurate information. Q1-3 Reports have been reconciled and updated as well. ➤ A Corrective Action Plan (CAP) is in development with Health Net. ➤ An increase in non-member PQIs adjudicated is expected for upcoming reports. | Motion: Approve Potential Quality Issues Q4 (Ramirez/Hodge) 4-0-0-3 |
| #3 QI Business -Provider Office Wait Time (Q2) (Attachment O) Action Patrick Marabella, M.D., | Data was reviewed for all case types including the follow-up actions taken when indicated. Health plans are required to monitor waiting times in providers' offices to validate timely access to care and services. This report provides a summary that focuses on Quarter 2 2018 monitoring for Fresno, Kings and Madera Counties. All counties are within the 30-minute office wait time threshold for both mean and median metrics. Outliers are tracked and results of monitoring have been reported back to the participating providers. Monitoring and analysis will continue in 2018 to identify opportunities for improvement associated with specific providers. | Motion: Approve Provider Office Wait Time Q2 (Ramirez/Verma) 4-0-0-3 |
| #3 QI Business -Avoidance of Antibiotics for Bronchitis (AAB) QI Summary - Monitoring of Patients on Persistent Medications (MPM) QI Summary (Attachments P-Q) | Two QI Summaries were reviewed with the committee covering Antibiotic Avoidance for Adults with Bronchitis (AAB) and Monitoring for Patients on Persistent Medications (MPM). These reports summarize quality improvement activities associated with HEDIS® measures that have performed below the minimum performance level. Both projects were focused in Madera County. Our process has been to work with a high volume, low compliance clinic to work with the Plan to initiate improvement interventions in an effort to improve clinic and county rates and share successful interventions with other clinics/providers in the service area. The QI Summaries describe improvement interventions, results, and recommendations for each project. Positive results were noted for both. Antibiotic Avoidance for Adults with Bronchitis (AAB) The AAB HEDIS® measure is defined as the percentage of adults (18-64 years of age) with a diagnosis of acute bronchitis who were not dispensed an | Motion: Approve Avoidance of Antibiotics for Bronchitis (AAB) QI Summary and Monitoring of Patients on Persistent Medications (MPM) QI |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|--|--|--|
| Action Patrick Marabella, M.D., Chair | antibiotic on or within three days of the diagnosis (National Committee for Quality Assurance [NCQA]), (2018). Monitoring for Patients on Persistent Medications (MPM) The MPM HEDIS® measure evaluates the percentage of members 18 years of age and older who are taking antihypertensive/diuretic medications during the measurement year. The required annual tests to monitor these medications include: either serum potassium and serum creatinine tests or a metabolic lab panel test that includes results with these values. The medications monitored for this measure include: Angiotensin Converting Enzyme (ACE) inhibitors; or Angiotensin Receptor Blockers (ARBs); and/or Diuretics (National Association for Quality Assurance [NCQA]), (2018). | Summary (Hodge/Ramirez) 4-0-0-3 |
| #4 QI/UM Business - QI Executive Summary & 2018 Work Plan End of Year Evaluation (Attachments R) Action Patrick Marabella, M.D, Chair | Dr. Marabella presented the 2018 Annual Quality Improvement Work Plan Evaluation. The planned activities and Quality Improvement focus for 2018 included the following: I. Access, Availability and Service /Improve Access to Care: Three measures did not meet compliance for Provider Appointment Availability: Ourgent care appointments with Specialists that require prior authorizations within 96 hours Non-urgent appointment with Specialists within 15 days After Hours Urgent Care to contact on-call provider within 30 minutes. Corrective Action Plans were issued to all non-compliant PPGs and directly contracted providers. Telephone audits were conducted for providers noncompliant for two consecutive years. Provider Office Wait Time met overall goal for 30 minutes or less for all three counties in Q2. II. Quality and Safety of Care: All three counties exceeded the DHCS Minimum Performance Level (MPL) in five of the six Default Enrollment Measures; Fresno County fell below in HbA1c testing: Childhood Immunization Combo 3 Well Child Visits 3-6 years Prenatal Care HbA1c Testing Controlling High Blood Pressure Cervical Cancer Screening | Motion: Approve QI Executive Summary & 2018 Work Plan End of Year Evaluation (Ramirez/Verma) 4-0-0-3 |

|--|--|-----------------|
| #4 QI/UM Business UM/CM Executive Summary & 2018 Work Plan End of Year Evaluation (Attachments S) Action Patrick Marabella, M.D, Chair | MOTIONS / MAJOR DISCUSSIONS III. Performance Improvement Projects (PIPs): The two PIPs for 2018 were: > Childhood Immunizations (CIS-3) > Postpartum Care Disparity Project (PPC) > These projects will close out on June 30th, 2019 IV. Ongoing Workplan Activity. > Monitoring of completion of routine activities. Dr. Marabella presented the Annual Utilization Management Case Management Work Plan Evaluation. Utilization Management & Case Management focused on the following areas for 2018: 1. Compliance with Regulatory & Accreditation Requirements: > Licensure and credentialing requirements maintained. > Program documents and policies were updated to incorporate new regulatory requirements into practice. > DHCS Medi-Cal Managed Care Division Medical Director meetings attended by Medical Directors and CVH CMO. 2. Monitoring the UM Process: > Turn-around times for prior authorizations were monitored with a goal of 100%; the average for 2018 was 97.2%. > Annual trends for Appeal rates were reviewed including: Overturns, Partial Upholds, upholds, and Withdrawals. In addition, the turn-around-time compliance rate was reviewed. Compliance rates have been consistent year to year. 3. Monitoring Utilization Metrics: > All UM metrics for Monitoring Utilization met the objectives except "Improve shared risk and FFS UM acute inpatient performance". > Goals were not met for: • Expansion population (MCE) Bed days, admits/K and 30-day readmits | |
| | SPD Avg Length of Stay TANF admits/K These goals were not met primarily due to fragmented aftercare and inadequate placement options for patients with multiple social determinants of health. Monitoring Coordination with Other Programs and Vendor Oversight: | |

| AGENDA ITEM / | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|---|---|--|
| PRESENTER | All metrics for Behavioral Health met goal with the exception of "Network Availability and Adequacy" for Q3 related to some autism providers lacking information in files. Complex Case Management initiated for behavioral health in Q2 2018. Referrals continue to increase. Monitoring Activities for Special Populations: CCS, SPD, CBAS, and Mental Health tracking and monitoring is ongoing. All monitoring activities met goals except "Provide UMCM Programs to support SPD Mandatory Managed Care Requirements". Health Risk Assessments were not meeting expectations as IT migration prevented data exchange. A Corrective Action Plan was initiated in Q3 and completed by 12/31/18. | |
| #4 QI/UM Business Agenda Item: DHCS Quality Corrective Action Plan | On September 25, 2019, the Plan received written notification from DHCS of a Corrective Action Plan (CAP) related to three External Accountability Set (EAS) indicators below the Minimum Performance Level (MPL) in Madera County for three consecutive years. The Plan submitted its response on October 10, 2018, and it was accepted by DHCS. The Plan met with DHCS on February 11, 2019 to review the CAP process and is currently awaiting response. Next meeting between the Plan and DHCS is scheduled for May 13th, 2019. | Informational |
| #5 UM Business - Key Indicator Report & Turn-around Time Report (December) - Utilization Management Turn- around Time Report (Attachments T) Action Patrick Marabella, M.D, Chair | The Key Indicator Report was presented with a year-end comparison against goals for Q4 2017 through Q4 2018. TANF rates for Q4 2018 were at or below goals in all categories (lower number is better). SPD rates for Q4 2018 were challenging with Acute Average Length of Stay and Readmission rates above goals. Medi-Cal Expansion rates were at or slightly above goal in all categories. Early in 2018 (Q1 & Q2) some measures were well above goal for particular measures in the MCE and TANF populations due to a particularly virulent influenza strain, however these rates came down in the second half of the year. | Motion: Approve Key Indicator Report & Turn- around time report (December) (Ramirez/Verma) 4-0-0-3 |
| #5 UM Business - Case Management, Transitional Care & Palliative Care (Q4) | This report provides a summary of Case Management, Transitional Care Management, and Palliative Care activities for Quarter 4 2018. The goal of these programs is to identify members who would benefit from the services offered and to engage them in the appropriate program. The effectiveness of the case management program is based upon: • Readmission rates | Motion: Approve Case Management, Transitional Care, & Palliative Care (Q4) |

| AGENDA ITEM/ | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|---|---|---|
| PRESENTER (Attachments U) Action Patrick Marabella, M.D, Chair #5 UM Business - Specialty Referrals Report: HN(Q4) | ED utilization Overall health care costs Member Satisfaction Positive results continue for these measures in Quarter 4 2018. Effectiveness of the other program types are established and evaluated and included in the quarterly report. These reports provide a summary of Specialty Referral Services that required prior authorization in the tri-county area in Q4 for Health Net and revised versions of Q1-Q3 for La Salle. Parameters for these reports have recently been clarified with Delegation Oversight staff. | (Verma/Ramirez) 4-0-0-3 Motion: Approve Specialty Referrals Report: HN Q4; Specialty Referrals |
| - Specialty Referrals Report: LaSalle (Q1-Q3) (Attachments V-W) Action Patrick Marabella, M.D, Chair | Evidence of the tracking process in place to ensure appropriate access to specialty care is summarized for CalViva Health members. Results will continue to be monitored and reported over time. | Reports: LaSalle (Q1-Q3) (Hodge/Verma) 4-0-0-3 |
| #5 UM Business - Clinical Practice and Preventative Health Guidelines (Attachment X) Action Patrick Marabella, M.D, Chair | The Clinical Practice and Preventive Health Guidelines were presented to the committee for review and adoption for CalViva Health. These guidelines are provided in a new format this year and include current recommended practices and screening activities from recognized sources in healthcare literature. > These guidelines are available electronically on the Provider Portal. | Clinical Practice and Preventative Health Guidelines (Ramirez/Verma) 4-0-0-3 |
| #6 Policies and Procedures -Quality Improvement Policy & Procedure Review (Attachment Y) Action Patrick Marabella, M.D., Chair | The Quality Improvement Policy & Procedure Annual Review grid was presented to the committee. The majority of policies were updated without changes or had minor edits. One policy is new. Former policy PH-061 Initial Health Assessment and HE-001 Individual Health Education Behavioral Assessment were archived and replaced with the policy below: > QI-018 Initial Health Assessment and Individual Health Education Behavioral Assessment/Staying Healthy > QI-005 The Quality Improvement Program Requirements policy was also provided to committee members in its entirety for approval due to a large volume of edits, although the basic program elements and procedures have not changed. | Motion: Approve Quality Improvement Policy and Procedure Review (Verma/Ramirez) 4-0-0-3 |
| | The policy edits were discussed and the Quality Improvement policies were approved. | |

| AGENDA ITEM / | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |
|-------------------|--|-----------------|
| PRESENTER | | LANEIN |
| #8 Compliance | Mary Beth Corrado presented the Compliance Regulatory Update. | |
| Regulatory Update | > 2018 DHCS Medical Audit- The DHCS Final Report was issued on December 17, 2018 and requested a CAP | |
| (Attachment Z) | for a finding related to lack of documentation showing that new providers received the training package | |
| | within 10 working days. The Plan filed a response to the CAP on January 19, 2019, and is awaiting DHCS review/approval. DMHC auditors will join DHCS auditors for the on-site audit during the week of February 25, 2019. This is | |
| | not a "joint audit" and each agency is conducting a separate audit reflecting different look-back periods and will issue separate independent reports. | |
| | All DMHC requested pre-audit documents and case files were submitted by February 1, 2019. All DHCS requested pre-audit documents and case files were submitted by January 17, 2019. | |
| | Pediatric Palliative Care- In the November report to this Committee, it was indicated that one CalViva member would transition under this program. However, it turned out that the member was no longer | |
| | receiving PPC services at the time of the January 1, 2019 transition. There were no CalViva members receiving PPC services that required transitioning. | |
| | > Health Homes Program (HHP)- The HHP is an integrated service delivery system for populations with | |
| | complex, chronic conditions intended to improve outcomes by reducing fragmented care and promoting | |
| | patient-centered care. The program will be implemented only in Fresno County initially. In anticipation of the | |
| | July 1, 2019 launch of the HHP, a town hall meeting was conducted in November, 2018 to reach-out to | |
| | potential Community-Based Care Management Entities (CB-CMEs) within Fresno County. DMHC and | |
| | DHCS filings (e.g. Plan readiness status, policies and procedures, provider network information, etc.) are due in March 2019 for this new program. | |
| | Diabetes Prevention Program- The DPP is an evidence-based lifestyle change program, taught by peer | |
| | coaches designed to prevent or delay the onset of type 2 diabetes among individuals diagnosed with pre- | |
| | diabetes. The Centers for Disease Control and Prevention (CDC) established the National DPP, and set | |
| | national standards and guidelines, also known as CDC Diabetes Prevention Recognition Program (DPRP), | |
| | for the effective delivery of the National DPP lifestyle change program. Effective January 1, 2019, MCPs | |
| | must cover the DPP benefit and make it available to eligible members. Members must meet the most current | |
| | CDC DPRP participant eligibility requirements to qualify for the DPP benefit. | |
| | Effective January 20, 2019, the Madera County member vacancy was filled Public Policy Committee. | |
| | Th next Public Policy Committee meeting is scheduled for March 6, 2019, at 11:30 am, in Fresno County, at | |
| WO 01170 | 7625 N. Palm Ave., Suite 109, Fresno, CA 93711. | |
| #9 Old Business | None. | |
| #10 Announcements | None. | <u> </u> |

| AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN |

RE: Committee Appointments—Commissioner Representation

BL #: **BL 19-008**

Agenda Item 6 Attachment A

DISCUSSION:

In accordance with the Committee Charters, Commissioner representation on committees will be established by the RHA Commission Chairperson on an annual basis at the start of each fiscal year except for the "Public Policy Committee". The Public Policy Committee Commission members will serve coterminous terms with their Commission appointment. Chairperson Hodge has approved the following appointments for the Commissioners listed below.

FINANCE:

The **Finance Committee** meets at 11:30 am prior to the Commission meeting. <u>Commission members</u>: Supervisor Neves, Supervisor Rogers, John Frye, Paulo Soares, and Harold Nikoghosian.

QUALITY IMPROVEMENT/UTILIZATION MANAGEMENT:

The Quality Improvement/Utilization Management (QI/UM) Committee meets at 10:30am prior to the Commission meeting. This committee must consist of participating providers. Commission members: David Cardona, MD, and five participating providers; David Hodge, MD is an alternate.

CREDENTIALING

The **Credentialing Sub-Committee** meets at 12:00 pm following the QI/UM Committee and prior to the Commission meeting. This committee must consist of participating providers. <u>Commission members</u>: David Cardona, MD, and five participating providers; David Hodge, MD is an alternate.

PEER REVIEW

The **Peer Review Sub-Committee** meets following the Credentialing Sub-Committee and prior to the Commission meeting. This committee must consist of participating providers. <u>Commission members</u>: David Cardona, MD, and five participating providers; David Hodge, MD is an alternate.

PUBLIC POLICY:

The **Public Policy Committee** meets the first Wednesday of every quarter.

<u>Commission member</u>: Supervisor Neves serves as Chair. His seat is coterminous with his Commission seat.

Basic assumptions used in FY 2020 budget projections

- Enrollment based on current actual enrollment rolled forward to July 2019 based on current mix of aid codes. Membership projected to remain relatively consistent in comparison to prior year budget with slight increase to account for undocumented adult immigrants, ages 19-26.
- Revenues projected based on actual enrollment breakdown by aid code and county, using aid code specific rates for each county known at time of budget preparation.
- Maternity KICK, Hep C, BHT and HYDE payments projected based on current historical monthly average. No material increase or decrease projected.
- Medical Cost projected as Gross Medi-Cal Revenue less taxes, \$11 pmpm Administrative Services fee, and retention rate retained by CalViva.
- Administrative Services fee projected at \$11 pmpm based on enrollment.
- We are projecting FY 2020 staffing at 18 FTEs up from 17 FTEs in FY 2019. Salary, Wages, and Benefits based on current staffing and rates as of now. Projected wage increases of up to 5% based on employee performance at anniversary date, 7% increase in health insurance premiums based on August renewal, current deferral rate and employer contribution/match into 457 retirement program.
- Knox-Keene DMHC License Expense is to be based on last year's per member rate as an
 initial benchmark plus a forecasted rate increase and projected March 2019 enrollment
 for DMHC annual assessment fee to Health Plan.
- Marketing Expense incurred directly by the Plan is projected based on marketing plan for the fiscal year. Increase in marketing from FY 2019 budget due to additional marketing activities and community based sponsorships.
- Depreciation expense based on current fixed assets useful life.
- Premium Taxes (MCO Tax) set to expire June 30, 2019. Although Gov. Newsom's initial budget proposal did not include an extension of the MCO tax, an extension appears likely given the fact that the state of Michigan recently received federal approval for a similar MCO tax structure in December 2018. In addition, the California Legislative Analyst's Office recommended Gov. Newsom include the extension of MCO tax in revised budget, referencing likelihood of approval and also noting that approval would provide a net benefit of approximately \$1.5 billion to the state of California.
- Expenses projected based on either specific identifiable projections for major categories or approximate current run rate for minor expense categories.
 - Consulting/IT
 - Dues and Subscriptions
 - Legal & Professional
 - o **Insurance**

2018 Cultural & Linguistics Executive Summary and Annual Evaluation

REPORT SUMMARY TO COMMITTEE

TO: CalViva Health QI/UM Committee

FROM: Lali Witrago, MPH, Sr. Cultural and Linguistics Specialist

COMMITTEE DATE: May 16, 2019

SUBJECT: Cultural and Linguistic Services (C&L) 2018 Work Plan End of Year

Evaluation – Executive Summary Report

Summary:

This report provides information on the C&L Services Department work plan activities which are based on providing cultural and linguistic services support and maintaining compliance with regulatory and contractual requirements. The C&L Work Plan is divided into the following four sections: 1) Language Assistance Services (LAP), 2) Compliance Monitoring, 3) Communication, Training and Education, and 4) Health Literacy, Cultural Competency, and Health Equity. As of December 31, 2018, all work plan activities have been completed with a few projects, e.g., postpartum and breast cancer disparity, continuing in 2019.

Purpose of Activity:

To provide a summary report of the cultural and linguistic services Work Plan End of Year Evaluation. CalViva Health (CVH) has delegated all language services to Health Net's C&L Services Department.

Data/Results (include applicable benchmarks/thresholds):

Below is a high level summary of the activities completed during 2018. For a complete report and details per activity, please refer to the attached 2018 C&L Work Plan End of Year Evaluation Report.

1) Language Assistance Services

- a. Submitted audit documentation and responses for the two audit requests received.
- b. Completed contract with new vendor for translation and alternate format production and modified contracts with two other vendors for onsite interpreting.
- c. Non-Discrimination Notice updated and implemented in 2018.
- d. Member newsletter including "We speak your language" article disseminated in August.
- e. Four quarterly LAP and Health Literacy meetings held with requirements and updates provided.

2) Compliance Monitoring

- a. C&L received a total of thirty two grievance cases with fifteen interventions identified and delivered by Provider Relations. Two of these cases were coded to interpersonal issues.
- b. Completed, presented and received approval for the following 2018 reports: 2017 Summary and Work Plan Evaluation, 2017 Summary and Language Assistance Program, 2018 Summary and

- Program Description, 2018 Summary and Work Plan, 2018 Summary and Mid Year Work Plan Evaluation, and 2018 Summary and Mid Year Language Assistance Program report.
- c. Assisted with planning and coordination of four Public Policy Committee meetings inclusive of presenting C&L reports at two of the committee meeting.
- d. All C&L related P&Ps reviewed, updated and filed.

3) Communication, Training and Education

- a. Provided support with the review and updating of the Quick Reference Guide (QRG) for Appeals and Grievance Department (A&G).
- b. Completed coding structure modifications and implementation on 8/2 in collaboration with A&G. Trained a total of 144 staff on new culture, language and perceived discrimination coding structure and how to code accordingly.
- c. Conducted seven LAP trainings for new call center staff with 99 staff in attendance.
- d. Two LAP / Cultural Competency updates sent to providers to notify them of the LAP and Cultural Competency requirements and resources available.
- e. Article promoting the Public Policy Committee disseminated in the spring 2018 Member Newsletter.

4) Health Literacy, Cultural Competency and Health Equity

- a. A total of 65 materials were reviewed for readability level, content and layout.
- b. Updated the Plain Language and Readability Software online training in March and October.
- c. Conducted six C&L EMR Database trainings via webinar with 136 staff in attendance.
- d. National Health Literacy Month activities conducted during the month of October inclusive of weekly Plain Language trivia utilizing survey monkey and webinar trainings.
- e. Attended and participated in Industry Collaboration Effort (ICE) for Health C&L Team and work groups. Collaborated in the developed of guidance for providers to comply with new Interpreter Quality Standards Requirements on the use of Bilingual/Multilingual Staff as Interpreters as well as the creation of cultural competency training for providers.
- f. Conducted annual cultural competence education. New format included the development of informational articles and recorded presentation on the following topics: 1) Culture and Health Care, 2) Healthcare Experiences and Cultural Healthcare Needs of Recent Arrivals to U.S., 3) Cultural Proficiency in an organization and, 4) How to Apply Culturally Competent Practices in Your Work.
- g. Staff trainings conducted on Gender Neutral Language and Unconscious Bias.
- h. Two Health Equity Newsletters completed and disseminated to all staff in January and December.
- i. Health Disparity training for staff on the topics of formative research and social determinants of health held on February 8 and 9th.
- j. Postpartum care disparity project activities included completion of barrier analysis, revision and field testing of new cultural section of the OB form. Conducted training for clinic staff on cultural sensitivity and postpartum cultural practices and how to complete the cultural section of the revised OB form. A total of 28 staff attended the training. Conducted monthly records reviews in collaboration with QI to evaluate compliance with utilizing the new form. Partnered with the HE team to form the Mendota Community Advisory Group (CAG). Co-lead CAG meetings on 9/13, 10/18 and 11/15. Action plan under development to address and prioritize community needs identified.
- k. Revised the "cultural guidelines for health care providers" and "prenatal and postpartum cultural competency" tips sheets for CalViva Health providers.
- 1. Partnered with QI to conduct disparity analysis on Breast Cancer Screening in Fresno County. Analysis identified Hmong women ages 50-64 years with the lowest adherence to breast cancer

- screening. Developed disparity work plan that includes a literature review to identify best practices and social determinants of health mapping and analysis to identify community needs. Key informant questions for member, community and providers were also initiated and will be submitted for approvals.
- m. C&L staff have been supporting QI efforts during the BCS clinics by coordinating interpreter support for members, coordinating translation of materials to Hmong, conducting reminder calls and acting as cultural broker for the Hmong population to ensure adherence to their appointment at the BCS screening event.
- n. C&L staff secured a booth and attended the Hmong New year held in Fresno on 12/27 to create awareness on BCS.

Analysis/Findings/Outcomes:

Identified an increase on grievance cases coded to C&L. The increase in the number of grievances reported can be partially attributed to the following: new C&L coding structure implemented on 8/2, additional training to A&G Coordinators on coding accurately, monthly feedback and reclassifying of cases. Additionally, one member filed six separate grievances during this reporting period. C&L will continue to track and monitor this increase and continue to work with A&G department to ensure cases are coded and reported accurately.

Next Steps:

Obtain approval on 2018 end of year work plan evaluation report. Present the 2019 work plan and obtain approval from the QI/UM Committee.

2018 Cultural and Linguistic Services Work Plan End of Year Evaluation

Submitted by:

Patrick Marabella, MD, Chief Medical Officer Amy Schneider, RN, BSN, Director Medical Management

Mission:

CalViva Health's C&L mission is to be an industry leader in ensuring health equity for all members and their communities.

Goals:

CalViva Health's C&L goals are based on providing support, maintaining compliance, and creating cultural awareness through education and consultation. These goals support the overall goal of promoting cultural responsiveness between Plan staff, members, and contracted providers. The goals are equally important and reinforce each other to fulfill the mission:

- 1. To ensure meaningful access and positive health outcomes through the provision of culturally and linguistically responsive services to members and providers.
- 2. To promote for members and potential enrollees to be active participants in their own health and health care through clear and effective communication.
- 3. To advance and sustain cultural and linguistic innovations.

Objectives:

To meet these goals, the following objectives have been developed:

- A. To ensure compliance with applicable Medi-Cal contractual requirements, state and federal regulations and other requirements of the Department of Health Care Services (DHCS) and Department of Managed Health Care (DMHC).
- B. To ensure staff and providers have C&L resources available to provide culturally competent services to CalViva Health members.

2

- C. To be champions of cultural and linguistic services in the communities CalViva Health serves.
- D. To promote and be champions for diversity of CalViva Health members, providers and Plan staff.

| 21 | Complaints and Grievances | Oversight of complaints and grievances received about the LAP or C&L services, including monitoring and responding to all C&L related grievances. Collect grievance and call center reports. Maintain contact with the call center to ensure that they are monitoring C&L complaints. Grievance reports include grievances coded to C&L codes (including discrimination due to language or culture). Maintain grievance response log and list of materials and develop and document interventions when indicated | | Ongoing | *A total of seven cases were received and handled by C&L with five interventions deemed necessary. Of the seven cases, four were coded to culture (three non-discriminatory and one to perceived discrimination) and three to other codes (interpersonal and PCP - member not satisfied / appropriateness of treatment). Interventions were identified upon review of the members' allegations and providers' response and documentation. Interventions include tools and training resources addressing the concerns/issues identified, e.g., cultural competence/sensitivity and language services information and requirements. No grievances received were regarding MHN providers or services | A total of 25 grievance cases were received and handled by C&L. Of the 25 cases, five were coded to linguistic non-discriminatory, two cultural non-discriminatory, fourteen cultural perceived discrimination, two 1557 perceived discrimination and two to other codes (interpersonal, PCP / Specialist member not satisfied, etc.). Based on evidence reviewed, C&L identified ten intervention deemed necessary. Interventions included tools and training resources addressing the concerns/issues identified, e.g., cultural competence/sensitivity and language services information and requirements. The increase in the number of grievances reported can be partially attributed to the following: new C&L coding structure implemented 8/2, additional training to A&G Coordinators on coding accurately, monthly feedback and reclassifying of cases. Additionally, one member filed six separate grievances during this reporting period. No grievances received were regarding MHN providers or services. Note: the three cases classified under other codes during Jan-June 2018, have been reclassified to cultural non-discriminatory (2) and cultural perceived discrimination (1)* |
| 22 | Complaints and Grievances | Conduct a trend analysis of C&L grievances and complaints by providers | Production of trend analysis report | June | Trend analysis for grievances completed in Q1. Trend analysis for complaints in progress | 2017 complaints reports received and trending completed. Consolidated trend analysis report for 2018 complaints and grievances scheduled for Q1 |

| 23 | Complaints and Grievances | Review and update desktop procedure for grievance resolution process | Revised desktop procedure | December | Desktop procedure under review / revisions by CalViva compliance, A&G, C&L and Operations to incorporate process for the review of perceived discrimination (1557) cases | Desktop procedure revised and final draft completed and submitted to compliance with final approval pending |
|----|------------------------------|--|---|-----------|--|--|
| 24 | Oversight | Complete all CalViva required C&L reports | Develop C&L CalViva work plan, write/revise and submit C&L CalViva Program Description. Prepare and submit work plan and LAP mid year reports and end of year reports | Ongoing | Completed, presented and received approval on the following reports: 2017 Summary and Work Plan Evaluation, 2017 Summary and Language Assistance Program, 2018 Summary and Program Description, and 2018 Summary and Work Plan | Completed, presented and received approval for the following reports: 2018 Mid Year Work Plan Evaluation and 2018 Mid Year Language Assistance Program |
| 25 | Oversight | Participate in all CalViva required work groups and committees | Participate in the ACCESS workgroup, QI/UM workgroup, QI/UM workgroup, QI/UM committee, monthly operations management meetings, Regional Health Authority meetings as needed or requested, etc. | Ongoing | Attended the following CalViva Health meetings and committees: QI/UM work group, QI/UM Committee, RHA Committee, Access Committee, and Public Policy Committee | Attended the following CalViva Health meetings and committees: QI/UM work group, QI/UM Committee, RHA Committee, Access Committee, and Public Policy Committee |
| 26 | Oversight | Establish relationships with local community partners, identify participants for Public Policy Committee participation for Fresno, Kings and Madera Counties | Assist coordinate and attend Public Policy Committee planning meetings, Public Policy Committee meetings and C&L relevant community sponsored events as required | Quarterly | Provided planning support for two PPC meetings. Meeting held on 3/7 and 6/13. Prepared reports and power point presentations for the following reports: 2017 Summary and Work Plan Evaluation, 2017 Summary and Language Assistance Program, 2018 Summary and Program Description, and 2018 Summary and Work Plan. Presented the reports listed during the 6/13 meeting in Kings County. Also coordinated and processed invoices for Spanish language interpreter for member in attendance | Provided planning support for two PPC meetings. Meeting held on 9/5 in Madera County and 12/5 in Fresno County. Prepared high level power point presentations for the 2018 Mid Year Work Plan Evaluation and 2018 Mid Year Language Assistance Program reports and presented these during the 12/5 meeting |
| 27 | Oversight | Develop, update and/or maintain all C&L related P&Ps | Updated P&Ps submitted to designated CalViva Health staff for utilization in the development or review of CalViva Health C&L P&Ps | Annually | All C&L related P&Ps reviewed and updated. P&Ps scheduled to be submitted in July as part of the oversight audit of C&L | All C&L related P&Ps submitted in July as part of the oversight audit of C&L |

| 56 | Operational | Provide consultation to departments on cultural competency and improving health care outcomes (including enrollment) for key demographics and key metrics to support health equity | Consultation provided | Ongoing | Provided REL and LAP information and resources to HEDIS Coordinator to support education to providers during HEDIS visits. Revised the "cultural guidelines for health care providers" and "prenatal and postpartum cultural competency" tips sheets for CalViva Health | C&L partnered with QI to conduct disparity analysis on Breast Cancer Screening in Fresno County. Race/Ethnicity/Language and Age analysis identified Hmong women ages 50-64 years with the lowest adherence to breast cancer screening. C&L developed disparity work plan and obtained approval to implement during Q4. Work plan includes a literature review to identify best practices and social determinants of health mapping and analysis to identify community needs. Key informant questions for member, community and providers were also initiated and will be submitted for approvals. At the same time, C&L staff have been supporting QI efforts during the BCS clinics by coordinating interpreter support for all members, coordinating translation of materials to Hmong, conducting reminder calls and acting as cultural broker for the Hmong population to ensure adherence to their appointment at the BCS screening event. During the first event held on 12/12, a total of 28 (out of 47 scheduled) BCS screening were completed for a 60% show rate. C&L staff secured a booth and attended the Hmong New year held in Fresno on 12/27 to create awareness on BCS |

1.0 EXECUTIVE SUMMARY

The Fresno-Kings-Madera Regional Health Authority (RHA) is a local public agency, created through a joint exercise of powers agreement by the Counties of Fresno, Kings, and Madera in California. Under California's Medi-Cal Managed care program, the RHA dba CalViva Health is designated as the Local Initiative. CalViva Health is contracting with Health Net Community Solutions (HNCS) to provide cultural and linguistic services and programs for the majority of CalViva Health's membership. CalViva Health ("CalViva" or "Plan") may also contract with other entities or health plans to provide or arrange cultural and linguistic services and programs for members enrolled with CalViva Health.

CalViva Health, in collaboration with Health Net Community Solutions (HNCS), is committed to improving health outcomes by providing cultural and linguistic services and programs that facilitate effective communication between a diverse membership, provider networks, and CalViva Health and HNCS.

The HNCS Cultural and Linguistic Services Department (C&L Services Department) develops programs and services to facilitate understanding, communication and cultural responsiveness between members, providers and Plan staff.

The C&L Services Department, on behalf of CalViva Health, provides resources, materials, trainings, and in-services on a wide range of C&L topics that impact health and health care. Services offered include, but are not limited to, cultural and language information for providers and their staff, as well as for Plan staff; trainings on language assistance requirements imposed by state and federal regulatory agencies; interpreter support for members and providers; culturally appropriate translation and review of member materials; and cultural responsiveness education.

C&L services are part of a continuing quality improvement endeavor. The C&L program description, work plan, language assistance utilization report and end of year reports are all submitted to the CalViva Health Quality Improvement / Utilization Management (QI/UM) committee for review and approval.

2.0 Staff Resources and Accountability

2.1 Staff Roles and Responsibilities

A detailed description of staff roles and responsibilities is included in Appendix 1.

3.0 MISSION, GOALS AND OBJECTIVES

3.1 Mission

CalViva Health's C&L mission is to be an industry leader in ensuring health equity for all members and their communities.

3.2 Goals

CalViva Health's C&L goals are based on providing support, maintaining compliance, and creating cultural awareness through education and consultation. These goals support the overall goal of promoting cultural responsiveness between Plan staff, members, and contracted providers. The goals are equally important and reinforce each other to fulfill the mission:

- To ensure meaningful access and positive health outcomes through the provision of culturally and linguistically responsive services to members and providers.
- To promote for members and potential enrollees to be active participants in their own health and health care through clear and effective communication.
- To advance and sustain cultural and linguistic innovations.

3.3 Objectives

To meet these goals, the following objectives have been developed:

- A. To ensure compliance with applicable Medi-Cal contractual requirements, state and federal regulations and other requirements of the Department of Health Care Services (DHCS) and Department of Managed Health Care (DMHC).
 - Develop and implement Policies and Procedures (P&Ps) related to the delivery of culturally and linguistically appropriate services.
 - Utilize and implement the Culturally and Linguistically Appropriate Services (CLAS) Standards developed by the Office of Minority Health, to address Health Care disparities.
 - Collect and analyze C&L information and requirements as identified by DMHC and DHCS and other regulatory or oversight entities.
 - Adhere and implement HHS guidelines for Section 1557 of the ACA for C&L services and requirement for non-discrimination based on race, color, national

- origin, creed, ancestry, religion, language, age, gender, marital status, sexual orientation, health status, or disability.
- Collect, analyze and report membership language, race and ethnicity data.
- Inform members of interpreter services via the member newsletter, the Member Handbook/Evidence of Coverage (EOC), and other communication sources at least once annually.
- Maintain information links with the community through Public Policy Committee (PPC) meetings, Group Needs Assessment (GNA) and other methods.
- Inform contracted providers annually of the C&L services available via Provider Updates, online newsletter articles, the Provider Operations Manual, in-services, trainings, conferences, and other communication sources.
- Monitor the use of taglines and Non Discrimination notices in all required communications.
- B. To ensure staff and providers have C&L resources available to provide culturally competent services to CalViva Health members.
 - Provide C&L information and support for HNCS and CalViva Health staff in their efforts to provide excellent customer relations and services.
 - Collaborate with other departments, where appropriate, to further the mutual attainment of culturally and linguistically appropriate healthcare services received by members.
 - Support efforts of contracted providers to deliver culturally and linguistically appropriate health care services by providing informative materials, cultural competency workshops, and in-services.
 - Promote effective communication by staff and contracted providers with LEP members by providing them with easy access to culturally and linguistically appropriate materials, high quality translations of member-informing materials, high quality interpreter services, and culturally responsive staff and health care providers.
 - Deliberately address health equity through collaborating to develop and implement an organizational and member level strategic plan to improve health disparities.
 - Sustain efforts to address health literacy in support of CalViva Health members.
 - Provide oversight for the assessment of bilingual capabilities of bilingual staff and provide ongoing education and support.
- C. To be champions of cultural and linguistic services in the communities CalViva Health serves.
 - Continue involvement with local community-based organizations, coalitions, and collaborative efforts in counties where CalViva Health members reside and to be a resource for them on C&L issues.

- Participate actively and leverage resources from community and government committees including Health Industry Collaboration Effort (ICE), America's Health Insurance Plans (AHIP), and California Association of Health Plans (CAHP).
- D. To promote and be champions for diversity of CalViva Health members, providers and Plan staff. This includes:
 - Provide C&L services that support member satisfaction, retention, and growth.
 - Increase cultural awareness of Plan staff through trainings, newsletter articles, annual "Heritage Month", and other venues.

4.0 <u>C&L SERVICES WORK PLAN</u>

The goals and objectives are translated into an annual work plan with specific activities for the year to fulfill its mission of being an industry leader in ensuring health equity for all members and their communities. The work plan objectives and activities reflect the Office of Minority Health's national Culturally and Linguistically Service (CLAS) standards, and directly address various contractual and regulatory requirements.

The work plan also supports information-gathering through annual GNA updates, data analysis, and participation in the CalViva Health Public Policy Committee (PPC). In addition, the Plan interacts with community-based organizations, advocacy groups, community clinics and human service agencies to identify the cultural and linguistic-related concerns of the community.

The work plan is divided into the following areas:

- Language Assistance Program Activities
- Compliance Monitoring
- Communication, Training and Education
- Core Areas of Specialization: Health Literacy, Cultural Competency, and Health Equity

The work plan activities are evaluated twice a year by CalViva Health's QI/UM committee. The work plan activities are also shared as information to CalViva Health's PPC. The mid-year review monitors the progress of each activity and assesses if it is meeting the established objective. The mid-year review allows for modifications to be taken if necessary, and ensures progress is on course. The end of year evaluation assesses if the activity has met the objective, its successes, identifies the challenges and barriers encountered and how they were addressed, and is also an assessment for the future direction of C&L services. This work plan review process assures that a standard of excellence is maintained in the delivery of cultural and linguistic services. The work plan has more detailed information and activities in these areas.

5.0 SCOPE OF PROGRAMS AND SERVICES

The Plan is committed to ensuring quality care and services that meet the needs of diverse communities within the CalViva Health service area. CalViva Health, in collaboration with the Health Net Community Solutions (HNCS), ensures that all services provided to members are culturally and linguistically appropriate. There are some aspects of language assistance services that are delegated to HNCS with oversight by CalViva Health. The collaboration and coordination between both plans ensure that there is dedicated staff providing overall support and guidance to C&L program and services.

5.1 Language Assistance Program

The Plan established and monitors the Language Assistance Program (LAP) for members and providers. The LAP is a comprehensive program that ensures language assistance services are provided for all members and that there are processes in place for training and education of Plan staff and providers. The LAP ensures equal access to quality health care and services for all members. C&L provides oversight for LAP operational activities and directly provides LAP services related to member and provider communication.

The LAP and applicable policies and procedures incorporate the fifteen national standards for Culturally and Linguistically Appropriate Services (CLAS) in health care developed by the Office of Minority Health. The mandated standards (4, 5, 6, and 7) provide the basics for language support services for CalViva Health members.

The LAP main elements include:

Demographic Data Collection for Members

The standards for direct collection of members' race, ethnicity, alternate format, spoken and written language needs consist of informing members of the need to collect information, requesting information from members, capturing the information accurately in the membership data bases and monitoring the information collected. Members are informed of the need to collect this information thru a variety of methods such as the member newsletter. Providers may request the information collected for lawful purposes.

Interpreter Services

Interpreter services range from ensuring contracted vendors are in place, monitoring the provision of services and annual communication with members and providers on how to access these services. Interpreter services are available in over 150 languages supported by the contracted vendors and bilingual staff. Interpreter services are guided by the Interpreter Services and Assessment of Bilingual Staff policies and procedures

and meet the national quality standards for interpreter support. Interpreter services facilitate communication with LEP members to speak with Plan staff and/or its contracted providers. Bilingual staff and contracted telephone interpreter services vendors are used to assist LEP members.

Providers and members may request an interpreter 24 hours a day, 7 days a week at no cost. Interpretation services may be delivered either telephonically, face-to-face or sign language (SL) depending on the nature of the appointment and need. Interpreter services also include oral translation services of print documents upon request from a member, which may be provided by either a bilingual staff or contracted interpreter vendor. Quality standards for contracted interpreter services are incorporated into the vendor scope of work agreements and include demonstrating that the interpreter is versed in health care and medical terminology as demonstrated by a validated test instrument, familiarity with interpreter ethics, and verification process for basic interpreter skills such as sigh translation, listening and memory skills, commitment, confidentiality and punctuality. Interpreter quality standards are fully compliant with the new interpreter quality definitions from the federal requirements in Section 1557 of the ACA and with CA SB223, Language Assistance Services.

The Plan also supports provider groups and individual providers' efforts to supply interpreter services for CalViva Health's LEP members. Providers may call the Provider Services toll free number and request interpreter assistance. Updates on C&L services available to contracted providers are sent regularly to all contracted providers.

Translation Services

Translation services are guided by the Translation of Written Member Informing Materials P&P and are based on industry translation standards. Translation services includes quality standards for translators, a style guide to promote consistent translation quality, a glossary of common terms in each threshold language, provision of materials in Alternate Formats, a review process to prepare English documents for translation, and a process to monitor translations for quality, timely delivery, and accuracy. Translation services ensure that member informing documents are provided in the threshold languages of English, Spanish and Hmong and that a notice of language assistance (NOLA) is included in member mailing when required. The translation program includes oversight of the use of the Non Discrimination notices and taglines with English documents as required by federal rules (Section 1557, 45 CFR 155.205).

• Alternate Formats – CalViva Health provides alternate formats of member informing documents to members as required by regulation, law, and upon member request. Alternate formats consist of Braille, large print and accessible PDF documents. The quality of the documents and the time to fulfill member requests for these documents are monitored to assure timely access of benefit information to CalViva Health members. The provision of alternate formats is compliant with Section 1557 of the ACA. This consists of informing members of

the need to collect information on their preferred alternate format, requesting the information, capturing the information accurately in the membership data bases and monitoring the information collected. If a member states their preferred alternate format is Braille, CalViva Health will provide all required member information material to this member in this format moving forward.

Oversight of Contracted Specialty Plans and Health Care Service Vendors

The C&L Services Department is responsible for monitoring its Language Assistance Program (LAP), including plan partners, specialty plans and delegated health care service vendors, and to make modifications as necessary to ensure full compliance. Monitoring includes assurance that all language assistance regulations are adhered to for members at all points of contact.

Training on LAP

All Plan staff who have direct routine contact with LEP members and whose duties may include elements of CalViva Health's language services must be trained on the LAP and on the P&Ps specific to their duties. Training is conducted annually and is done either in person and/or on-line.

Monitoring for LAP Quality

The quality of the LAP is assured through quarterly monitoring of the utilization of language services such as interpreter requests by language, telephone interpreter utilization by language, and the number of member requested translations. Quality of translations and interpreters is monitored through quarterly review of linguistic grievances and member complaints that are related to language.

The C&L Services Department also oversees and monitors the delegation of LAP services with our specialty plans and ancillary vendors. The C&L Services Department in collaboration with other departments ensures LAP services are available to all members at all points of contact and that the specialty plans and ancillary vendors have processes in place to adhere to the regulations. To assure that all language assistance regulations are adhered to for members at all points of contact, C&L requests/obtains a semi-annual report from each specialty plan or health care service vendor. The C&L Services Department provides consultation services to these plans and vendors as necessary.

Communication for LAP

The Plan has implemented processes to assure routine member and provider communication promoting the LAP. The Plan advises members annually of no-cost language services (inclusive of interpreter and translation support) that are available to them. Methods of member communication are inclusive of PPCs, community-based

organizations, member service representatives and/or other Plan staff, member newsletters, and call center scripts, and provider relations representatives.

Providers receive an annual reminder of the language assistance services that are available to them in support of CalViva Health members which includes how to access the LAP at no cost to members. Methods for communication are inclusive of the online Provider Operations Manual, Provider Updates, Operational Toolkits (including the new Rainbow Guide), mailings, in-person visits, and/or trainings/in-services.

5.2 Cultural Competency

CalViva Health integrates culturally competent best practices through provider and Plan staff in-services, training, education, and consultation. The training program offers topic specific education and consultation as needed by Plan staff and contracted providers. The cultural competency training program covers non-discrimination based on race, color, national origin, creed, ancestry, religion, language, age, gender, marital status, sexual orientation, health status, or disability.

Cultural Competency Training for staff

Support for staff includes workshops, training, in-service, and cultural awareness events. Training and education on C&L services and/or cultural competency is provided on ongoing bases to Member Services, Provider Relations, Health Education, Quality Improvement department staff, etc. The goal of these is to provide information to staff on the cultural and linguistic requirements, non-discrimination requirements, the LAP, C&L resources, and member diversity.

Annually, the Plan hosts a Heritage event for Plan staff as the main cultural competency training activity. Staff engages in training, interactive learning and events related to cultural competency.— The cultural issues that impact seniors and persons with disabilities are topics covered during the Heritage event. Cultural competency training course will also include content on access to care needs for all members regardless of their gender, sexual orientation or gender identity. The event demonstrates CalViva Health's commitment to being a culturally competent organization by providing a forum for Plan staff to learn about diverse cultures, which increases their understanding of the diverse cultures represented in CalViva Health's membership. This understanding also serves to build sensitivities that promote a non-discrimination environment.

Cultural and Linguistic Consulting Services

Each C&L staff member has a cultural subject matter area of expertise that includes: cultural issues that impact seniors and persons with disabilities, cultural issues that impede health care access for Lesbian, Gay, Bisexual & Transgender (LGBT) populations, cultural disconnects that may result in perceived discrimination based on race, color, national origin, creed, ancestry, religion, language, age, gender, marital

status, sexual orientation, health status, or disability, and the cultural issues that impede accessing health care services for recent arrivals. C&L staff also offers specialized consultation on many other areas including:

- Case managers to assist in building trust with patients who are recently arrived immigrants
- Quality improvement coordinators to help identify cultural issues and strategies to help improve preventative access to care
- Grievance coordinators and provider relations representatives to address perceived discriminations including but not limited to those due to members' gender, gender preference sexual orientation or gender identity
- Care coordinators trying to obtain medical information for patients hospitalized outside of the U.S.

Cultural Competency Education for Providers

The Plan supports contracted providers in their efforts to provide culturally responsive and linguistically appropriate care to members. The services that are offered to contracted providers are intended to:

- Encourage cultural responsiveness and awareness
- Provide strategies that can easily be implemented into a clinical practice
- Foster improved communication and health outcome for patients from diverse cultural and ethnic backgrounds, with limited English proficiency, disabilities, regardless of their gender, gender preferencesexual orientation or gender identity
- Foster non-discrimination based on race, color, national origin, creed, ancestry, religion, language, age, gender, marital status, sexual orientation, health status, or disability.

To identify the cultural needs of providers, the Plan collects information from providers using a variety of methods, including the annual provider survey that is conducted by the Quality Improvement Department.

Cultural competency services are also promoted to providers through the provider website, the ICE provider toolkit, "Better Communication - Better Care" and tailored cultural competency workshops. Many topic areas for presentations on cultural aspects of health care, and provider group in-services on interpreter services, cultural and linguistic requirements and working with SPD population are available to providers upon request. —Cultural Competency training for providers is documented in the provider directory.

Additionally, the Plan has developed materials for use in provider offices that specifically address cultural background and clinical issues. CalViva Health recognizes that diverse backgrounds include culture, ethnicity, religion, age, residential area, disability, gender, gender preference sexual orientation and gender identity. Because diversity is complex and an important component for individuals as they access and utilize services, emphasis is placed on developing materials that are researched and field-tested to

assure quality and cultural appropriateness. Providers may access the materials by calling the Cultural and Linguistic Services Department toll free number during business hours at (800) 977-6750.

Collaborations

Representatives of the Plan have been an active participant and co-chair/lead on the Industry Collaboration Efforts (ICE). Participation on this collaboration has provided the Plan with suggestions to implement new cultural or linguistic legislation. It has also provided a forum to discuss language assistance program challenges faced by providers and other health plans that result in a more consistent experience for LEP members.

5.3 Health Literacy

The Plan continues to make strides in the promotion of health literacy through the implementation of the health literacy initiative *Clear and Simple*. The Initiative offers: a) Plain Language on-line training b) Plain Language tip sheets, c) Support in development of documents at appropriate grade level, d) Access to plain language readability software, e) Readability software training, f) Cultural Competency and Plain Language checklists for materials production, g) A database that streamlines the English Material Review process, h) Participation in National Health Literacy Month, and i) Provider training on motivational interviewing/reflective listening and plain language resources.

Plain Language 101 Training

The available training provides Plan staff with a basic understanding of health literacy and its impact on health care access. For example, trainings cover useful tips on how to write in plain language such as avoiding jargon, using simple words, and giving examples to explain difficult concepts. This ensures that communications available to members are clear and easy to understand.

Readability Software and Training

In an effort to sustain the Clear and Simple initiative, the Readability software was made available to all staff developing member informing materials.— The software supports staff in editing written materials so that they are easily understandable for members.— All staff that produces written materials for members are required to utilize readability studio, edit their documents and provide the grade level analysis to C&L prior to a request for English Material Review.

The C&L Department has developed and implemented Readability Studio training so that staff have the support to affectively navigate the software and produce effective member materials. The training is delivered utilizing adult learning theory and provides

hands-on experiential learning in operating the software and editing written materials to a 6th grade reading level.

Clear and Simple Guide

The C&L Services Department produces a Plain Language Guide that provides 15 tips for staff to follow when preparing member materials and as well as a document checklist to confirm plain language standards were applied. The guide is provided during training and is also available online.

English Materials Review (EMRs)

The C&L Services Department conducts English material reviews through the EMR database. EMRs are conducted on all member informing materials to ensure that the information received by members is culturally and linguistically appropriate. Readability levels are assessed on the original document and revised accordingly to ensure they comply with required readability levels mandated by regulatory agencies. The review process ensures that document layouts are clean, easy-to-read, well organized, and that images are appropriate and culturally relevant and prepares documents to be ready to be translated, when indicated. Cultural competency and plain language checklists are required to be submitted with all EMR requests.

National Health Literacy Month

National Health Literacy Month is promoted internally by Plan staff every October and offers an opportunity for staff to participate in various contests to exemplify how they are using the Clear and Simple principles in their everyday work.

5.4 Health Equity

CalViva Health is committed to supporting the health of our members and promoting the reduction of health disparities across our membership. In order to accomplish this, Plan staff collaborates across departments and with external partners in order to analyze, design, implement and evaluate healthy disparity interventions.

Health Equity Interventions

Health Equity Project: This intervention involves the development and implementation of an action plan to reduce health disparities.— Plan staff look systematically and deliberately at the alignment of resources and development of strategies to reduce targeted health disparities. Disparity reduction efforts are implemented through a model that integrates collaboration across departments, e.g., Quality Improvement, Provider

Relations, Cultural and Linguistics, Health Education, Medical Directors, and Public Programs. The model utilizes a multidimensional approach to improving quality and delivery of care inclusive of community outreach and media, provider interventions and system level initiatives. The following highlights the core components of the disparity reduction model:

- Planning inclusive of key informant interviews, literature reviews, data analysis (spatial and descriptive), development of community and internal advisory groups and budget development
- Implementation of efforts are targeted at 3 core levels 1.) Member/Community where partnerships are formed to identify existing initiatives and leverage support of community feedback to design and implement interventions, 2.) Provider interventions targeting high volume low performing groups and providers who have disparate outcomes, and 3.) Internal programs to improve disparities in identification, engagement and outcomes in Case Management and Disease Management
- Evaluation and improvement of health disparity efforts is conducted using PDSA cycles.

Consultation: Plan staff collaborates across departments to provide consultative services for cultural competency and linguistic perspectives in order to improve health disparities. Examples of consultations include partnership on QI intervention development and support of care transition programs.

Collaborations

CBO's: To support the reduction of health disparities, Plan staff interact with community-based organizations (CBOs) to identify C&L related concerns, obtain feedback on C&L service needs of the community and promote C&L services to community members.

5.5 Public Policy Committee

CalViva Health maintains a Public Policy Committee, as one way for members to participate in establishing the public policy of the plan. "Public policy" means acts performed by the Plan or its employees and staff to assure the comfort, dignity and convenience of members who rely on the Plan's facilities to provide health care services to them, their families, and the public.

The Public Policy Committee meets four times a year. Committee responsibilities include obtaining feedback and guidance in delivery of culturally and linguistically appropriate health care services inclusive of the group needs assessment, and establishing and maintaining the community linkages. The Committee includes CalViva Health members, member advocates (supporters), a Commissioner of CalViva Health's governing board, the Fresno-Kings-Madera Regional Health Authority (RHA) Commission, and health care providers.

6.0 OVERSIGHT AND MONITORING

CalViva Health and HNCS collaborate to ensure that CalViva Health members receive consistent, high quality C&L services. The collaboration also forms a unity among the plans that permits a uniform message to be delivered to contracted providers and members. This collaboration is an avenue that increases services for the community and increases the impact that C&L programs can make. The following processes are in place to ensure ongoing CalViva Health oversight of the C&L programs and services delegated to HNCS and the internal monitoring conducted by HNCS.

6.1 CalViva Health Monitoring and Evaluation

CalViva Health receives, reviews, and if necessary approves numerous key reports in a calendar year. CalViva Health ensures C&L services, programs, and activities are meeting the required regulatory and compliance requirements through the following methods:

Member and Provider Communications Review

CalViva Health reviews and approves all member materials before distribution to CalViva Health Members. The review process includes but is not limited to ensuring member materials have been approved by HNCS as culturally appropriate and the appropriate reading level. In addition, CalViva Health reviews and approves C&L provider communications prior to release to contracted providers.

Reports

CalViva Health reviews and approves key C&L reports produced by HNCS including, but not limited to the LAP utilization report, annual work plan and program description, GNA, Geo Access Report, and mid-year/annual evaluations. The reports are reviewed, discussed, and if necessary approved by CalViva Health's Quality Improvement (QI) workgroup, QI/UM Committee, Access workgroup and the RHA Commission. In addition, reports are also shared as information to CalViva Health's Public Policy Committee.

Audits

CalViva Health conducts an oversight audit of C&L activities delegated to HNCS. The main elements covered in the audit include but is not limited to: C&L/language assistance policies and procedures, assessing the member population, language assistance services, staff training, provider contracts, training and language assistance program, and evaluation and monitoring. The results of the audit are shared with HNCS, the QI/UM Committee, and the RHA Commission.

6.2 HNCS C&L Services Department Internal Monitoring and Evaluation

The C&L Services Department produces numerous key reports in a calendar year. The reports are an integral part of the regulatory and compliance requirements and are used to help identify areas where modifications and corrective measures may be needed. The key reports include but are not limited to the following:

Language Assistance Program Utilization Report

The C&L Services Department summarizes the Language Assistance Program (LAP) utilization data on a monthly and quarterly basis. The monthly LAP utilization report summarizes the non-English call volume to the member service call center, interpreter vendor (telephone, face-to-face, ASL) call volume per language, and requests for oral and written translations from member service representatives. Language call volume and identified language preferences are tracked to identify developing trends and possible future member language needs. C&L Services Department produces a LAP report biannually that summarizes LAP data and assesses utilization and usage trends. The end of the year LAP Utilization report compares current usage by language and type of request to previous year's data to allow the Plan to project future language trends. Any notable trends will be reported to the Plans' QI/UM Committee.

Group Needs Assessment

The Health Education and C&L Services Departments conduct Group Needs Assessment (GNA) every five years to determine the health education, cultural, linguistic, and health care access needs of members. The GNA is conducted through an analysis of data from reports, as well as external data from national, state, and local health agencies and community-based organizations. The GNA includes a socioeconomic demographic profile of each community served by CalViva Health. Community agencies provide input to the GNA through the C&L Services Department contact with Public Policy Committee members and agency representatives, community-based organizations, and other community service organizations.

GNA results and community feedback are used to develop the objectives and activities on the annual C&L work plan. It's a foundation for the C&L work plan and directs the development of C&L programs, services, and materials.

C&L Geo Access Report

The C&L Services Department prepares a report to identify the need for linguistic services using the Geo Access demographic analysis software program. The Geo Access program uses member zip code data and correlates it with member language preference. A similar mapping of provider network language capabilities is generated for

each identified member language. The geographic distribution of provider languages is based on the zip code of the office location.

A set of maps is generated that reports the geographic distribution of member language preferences, primary care provider language capabilities and specialist language capabilities by zip code. A map is generated for each language that is preferred by 3 percent or more of membership. The geographic distribution of member language preferences is then overlaid with the language capacity of primary care providers and specialists. The language capabilities of the provider network are compared to the language needs of CalViva Health members. The availability of linguistic services by contracted providers for LEP members is analyzed and recommendations made for provider network development. The report is produced by HNCS every two years for review and comment.

Data Collection

The C&L Services Department monitors the demographic composition of members for each CalViva Health county. Demographic information is used to assess the language needs of members; to identify possible cultural and socio-economic background barriers to accessing health care; and to understand the range of diversity within the communities that CalViva Health serves. Collected and analyzed on a regular basis, data is based on existing member language needs, race and ethnicity. The C&L Services Department holds the list of all race, ethnicity and language codes and categories used by all data systems. C&L collaborates with IT to assure that all new databases and modified databases can share member race, ethnicity and language information.

The C&L Services Department also maintains a log of all cultural or linguistic related grievances received. The logs for culture or language-related grievances and complaints are analyzed to determine if members' cultural and communication needs are being met and/or addressed by contracted providers. Information from the Appeals and Grievances Department, in conjunction with information from the community demographic profile, help to identify cultural and/or linguistic issues that may act as barriers to accessing health care. Should a communication need be identified, the C&L Services Department develops a provider or member education intervention or program to meet that need.

7.0 SUMMARY

CalViva Health, in collaboration with Health Net Community Solutions (HNCS), is committed to improving health outcomes by providing cultural and linguistic services and programs that facilitate effective communication between a diverse membership, diverse provider networks, and CalViva Health and HNCS. CalViva Health's goals and objectives are based on providing support, maintaining compliance, and creating cultural awareness through education, consultation, and support. In addition, the

programs and services encompass how we communicate to our members and contracted providers about the C&L program and services available.

STAFF RESOURCES AND ACCOUNTABILITY

1. CalViva Health Committees

A. Governing Body/RHA Commission

The RHA Commission is the governing body with ultimate authority and responsibility for the oversight of CalViva Health.

B. QI/UM Committee

The QI/UM Committee monitors the quality and safety of care and services rendered to CalViva Health members. This Committee identifies opportunities for improvement, recommends policy decisions, evaluates the results of activities, institutes needed actions, and ensures follow up as appropriate. The C&L program description, work plan, language assistance utilization report and end of year reports are all submitted to the CalViva Health QI/UM committee for review and approval. The QI/UM committee provides regular reports to the RHA Commission.

C. Public Policy Committee

The Public Policy Committee includes CalViva Health members, member advocates (supporters), a RHA Commissioner, and a health care provider. Committee responsibilities include obtaining feedback and guidance in the delivery of culturally and linguistically appropriate health care services, and establishing and maintaining community linkages. The C&L program description, work plan, language assistance utilization report and end of year reports are shared as information to the Public Policy Committee. The Public Policy Committee provides regular reports to the QI/UM Committee and the RHA Commission.

2. CalViva Health Staff Roles and Responsibilities

A. Chief Medical Officer

CalViva Health's Chief Medical Officer's responsibilities include assuring that CalViva Health's programs are compatible and interface appropriately with the provider network and the overall scope of CalViva Health's QI program. A medical management team is under the direction of the Chief Medical Officer.

B. Medical Management Team

CalViva Health's Medical Management team includes the Chief Medical Officer, Director of Medical Management Services, who is a Registered Nurse, and a Medical Management Specialist to monitor and evaluate the adequacy and appropriateness of health and administrative services on a continuous and systematic basis.

C. Chief Operating Officer

CalViva Health's Chief Operating Officer's responsibilities include assuring that services and needs covered under the Administrative Services Agreement with the Plan's administrator are operating in accordance with CalViva Health's program requirements.

D. Operations Team

CalViva Health's Operations team includes the Chief Operating Officer and an Operations Coordinator who is responsible for providing operational support.

E. Chief Compliance Officer

CalViva Health's Chief Compliance Officer's responsibilities include assuring that CalViva Health's programs are in compliance with the DHCS contract, regulatory standards and reporting requirements. A compliance team is under the direction of the Chief Compliance Officer.

F. Compliance Team

CalViva Health's Compliance team includes the Chief Compliance Officer, a Director, and compliance staff who focus on compliance activities.

3. HNCS C&L Services Department Staff Roles and Responsibilities

The C&L Services Department is unique in its cross-functional support structure. The Department's function is to fulfill all cultural and linguistic contractual and regulatory requirements and serve as a resource and support for all C&L services. The C&L Services Department is staffed by the Director of Health Education and Cultural and Linguistic Services, a Manager of Cultural and Linguistic Services Department, eight six Senior C&L Specialists, one C&L Diversity and Disability Program Specialist, two supplemental staff, one Data Analyst Biostatistician, and aone Project Coordinator.

A. HNCS Leadership Team

HNCS is a subsidiary of Health Net <u>LLCIne</u>. Through a dedicated and qualified staff, important cultural and linguistic services are developed and coordinated within the

CalViva Health service area by HNCS. HNCS, as a subsidiary of Health Net <u>LLCInc.</u>, continues to maintain their internal reporting responsibilities (e.g. Chief Executive Officer (CEO), Vice Presidents, Officers, Directors, etc.) however, activities conducted within the CalViva Health service area are subject to oversight by CalViva Health's staff and respective committees.

2019 Cultural & Linguistics Executive Summary and Work Plan Summary

REPORT SUMMARY TO COMMITTEE

TO: CalViva Health QI/UM Committee

FROM: Lali Witrago, MPH, Senior Cultural and Linguistics Specialist

COMMITTEE DATE: May 16, 2019

SUBJECT: 2019 Cultural and Linguistic (C&L) Work Plan – CalViva Health

Summary Report

Summary:

The C&L 2019 Work Plan supports and maintains excellence in C&L Services through the following strategies: provide oversight of Language Assistance Program (LAP), integration and expansion of targeted health disparity efforts, Health Literacy and plain language standards, supporting CalViva Health in being a culturally competent Health Plan, expanding on consulting services, and maintain compliance with regulatory and contractual requirements.

The 2019 Work Plan is consistent with the 2018 Work Plan while incorporating and enhancing the following activities:

- 1. Incorporated a rationale statement under each of the core areas to address the group needs assessment findings and requirements
- 2. Enhancing LAP reporting activities inclusive of C&L GeoAccess mapping, assessment of language services for timely access reporting, and bilingual staff certification oversight
- 3. Continue to expand training and consulting services for contracted providers and staff case managers, health education, quality improvement, call center, and grievance coordinators to support cultural competency, language assistance, health literacy and health equity efforts inclusive of new disparity reduction efforts for postpartum care and breast cancer screening

Purpose of Activity:

Present the CalViva Health's Cultural and Linguistic Services 2019 Work Plan and obtain the committee's approval.

Next Steps:

Once approved, implement and adhere to the C&L 2019 Work Plan and report to the QI/UM Committee.

2019 Cultural and Linguistic Services Work Plan

Submitted by:

Patrick Marabella, MD, Chief Medical Officer Amy Schneider, RN, BSN, Director Medical Management

Mission:

CalViva Health's C&L mission is to be an industry leader in ensuring health equity for all members and their communities.

Goals:

CalViva Health's C&L goals are based on providing support, maintaining compliance, and creating cultural awareness through education and consultation. These goals support the overall goal of promoting cultural responsiveness between Plan staff, members, and contracted providers. The goals are equally important and reinforce each other to fulfill the mission:

- 1. To ensure meaningful access and positive health outcomes through the provision of culturally and linguistically responsive services to members and providers.
- 2. To promote for members and potential enrollees to be active participants in their own health and health care through clear and effective communication.
- 3. To advance and sustain cultural and linguistic innovations.

Objectives:

To meet these goals, the following objectives have been developed:

- A. To ensure compliance with applicable Medi-Cal contractual requirements, state and federal regulations and other requirements of the Department of Health Care Services (DHCS) and Department of Managed Health Care (DMHC).
- B. To ensure staff and providers have C&L resources available to provide culturally competent services to CalViva Health members.

2

- C. To be champions of cultural and linguistic services in the communities CalViva Health serves.
- D. To promote and be champions for diversity of CalViva Health members, providers and Plan staff.

Selection of the Cultural and Linguistics Activities and Projects:

The Cultural and Linguistics Work Plan activities and projects are selected based on the results from the CalViva Health Group Needs Assessment Report (GNA) (i.e., demographics, health status, risk factors, and surveys), regulatory requirements, department evaluation report from the previous year, HEDIS results, contractual requirements, and strategic corporate goals and objectives. After review and input from senior management staff, projects and new departmental activities are identified and incorporated into this work plan. Programs and services are developed with special attention to the cultural and linguistic needs of our membership. This work plan addresses the needs of our Medi-Cal (MC) members.

Strategies:

The Cultural and Linguistics Work Plan supports and maintains excellence in the cultural and linguistics activities through the following strategies:

- A. Goals and objectives are translated into an annual work plan with specific activities for the year to fulfill its mission of being an industry leader in ensuring health equity for all members and their communities;
- B. Work plan objectives and activities reflect the Office of Minority Health's national Culturally and Linguistically Service (CLAS) standards, and directly address various contractual and regulatory requirements;
- C. Support information-gathering and addressing needs through Group Needs Assessment reports (GNA), data analysis, and participation in the CalViva Health Public Policy Committee (PPC);
- D. Interacting with community-based organizations, advocacy groups, community clinics and human service agencies to identify the cultural and linguistic-related concerns of the community.

The Cultural and Linguistics Work plan is divided into the following areas in support of the Principal CLAS Standard (To provide effective, equitable, understandable, and respectful quality care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy, and other communication needs):

1) Language Assistance Program Activities, 2) Compliance Monitoring, 3) Communication, Training and Education and

3

4) Core Areas of Specialization: Health Literacy, Cultural Competency, and Health Equity.

| 4 | Responsible Staff: | Primary: H. Theba, L. Witrago | Secondary: I. Diaz, D. Carr, D. Fang, L. Goodye | ar-Moya | | |
| 5 | Audit | Assure C&L audit readiness to support DHCS Language Assistance Program (LAP) audit standards | Coordinate LAP audit requirements to include: collecting requested documentation, submitting documents as requested, participate in on-site interviews as requested | Annual | | |
| 6 | Contracted Vendors | Provide oversight and consultation for language and interpreter vendor management | Provide consultation on contract negotiations and response for proposals (RFP's) | Ongoing | | |
| 7 | Interpreter | Monthly collection of language utilization data for CalViva | Updated LAP utilization report to contain: monthly summary of bilingual phone calls answered by call center, in-person and telephonic interpreter utilization log | Semi-annual | | |
| * 8 | Data | Conduct membership data pulls | Validated membership reports | Monthly starting in February | | |
| 9 | NOLA | Update and provide Notice of Language Assistance (NOLA) in support of departments and vendors that produce member informing materials | | Annual | | |
| 10 | Member Communication GNA | Annual mailing to members advising how to access language assistance services | Write or revise annual language assistance article distributed to CalViva members | Annual | | |
| * 1 | | Ensure bilingual staff maintain bilingual certification; generate reporting and support to departments to identify staff who need bilingual certification updated | | Annual | | |
| 1: | Operational 2 | Complete LAP Trend Analysis, including year over year LAP trend analysis | Report to summarize utilization of LAP services, number of bilingual staff and provide year over year trends for the utilization of LAP services | Q2 | | |

| ^ | 13 | Operational | Oversight of call center interpreter and translation operations. Review of metrics for invoicing and interpreter and translation coordination and document process | Conduct oversight meetings to review metrics for operations. Monthly meetings with Centralized Unit and escalate when metrics are not being met | Monthly | |
|---|----|---------------------------|---|---|----------------|--|
| ^ | 14 | Operational | Review interpreter service complaint logs and conduct trend analysis. Provide complaint information to impacted area for resolution, e.g., vendor, internal process | Monitor interpreter service vendors through service complaints | Annual (trend) | |
| | 15 | Operational GNA | Coordinate and deliver quarterly LAP/Health Literacy meetings to review requirements and department procedures for language and health literacy services | Minutes of meetings | Quarterly | |
| | 16 | Operational | Develop, update and/or maintain translation, alternate formats, interpreter services and bilingual assessment policies and procedures (P&Ps) | Annual update of P&Ps and off cycle revisions as needed and submitted to designated CalViva Health staff for utilization in the development or review of CalViva Health C&L P&Ps | Annual | |
| | 17 | Operational | Collect and review LAP P&Ps from other departments to assure compliance with use of NOLA, translation process and interpreter coordination | P&Ps will be reviewed and placed in C&L LAP compliance folder | Annual | |
| * | 18 | Operational | Data collection and data analysis for C&L GeoAccess report | Production of C&L Geo Access report | Q3 | |
| * | 19 | Operational | Completion of C&L GeoAccess report and alignment of reports with PNM | Presentation of report to QI/UM and Access committee | Q4 | |
| * | 20 | Operational | Complete annual Timely Access Reporting on the Language Assistance Program Assessment | LAP Assessment Timely Access Report | Annually | |
| * | 21 | Operational | Coordinate and provide oversight to translation review process | Number of translation reviews completed | Ongoing | |
| | 22 | Training | Review, update and/or assign LAP online Training in collaboration with online team | Training online and number of staff who are assigned training | Annual | |
| | 23 | Information Technology | Participate in information technology projects related to language assistance services to ensure C&L requirements are represented through projects | Successful implementation of information technology projects | Ongoing | |
| | 24 | Strategic Partners | Monitor strategic partners and specialty plans for LAP services | Request information from specialty plans and strategic partners (e.g., MHN, VSP, etc.) semi-annually. Update report template to indicate delegation status of LAP, use of NOLA, any comments forwarded from delegation oversight and review of P&Ps | Ongoing | |

| 25 | Translation and Alternate Format Management | Develop and maintain Translation and Alternate Format Tracking (TAFT) database with comprehensive list of member informing materials available and department responsible. Database will help support prompt identification of document and department responsible. Ongoing updating with bi-annual requests to all departments to | List of available materials | Ongoing | | |
|------|---|--|--|--------------------|-------------------|--------------|
| | | review/update their list. Oversee implementation, management and updating of TAFT database | | | | |
| 26 | | | Compliance Monitoring | | | |
| * 27 | Rationale | Compliance monitoring conducted to ensure Cal place to ensure ongoing CalViva Health oversigh HNCS. Based on GNA finding, C&L will continue interpreters. | t of the C&L programs and services delegated to | o HNCS and the int | ternal monitoring | conducted by |
| 28 | Responsible Staff: | Primary: L. Witrago, B. Ferris, H. Theba | Secondary: D. Carr, I. Diaz, D. Fang | | | |
| 29 | Complaints and Grievances GNA | Oversight of complaints and grievances received about the LAP or C&L services, including monitoring and responding to all C&L related grievances. Collect grievance and call center reports. Maintain contact with the call center to ensure that they are monitoring C&L complaints. Grievance reports include grievances coded to C&L codes (including discrimination due to language or culture). Maintain grievance response log and list of materials and develop and document interventions when indicated | Report on grievance cases and interventions | Ongoing | | |
| 30 | Complaints and Grievances | Conduct a trend analysis of C&L grievances and complaints by providers | Production of trend analysis report | June | | |
| 31 | Complaints and Grievances | Review and update desktop procedure for grievance resolution process | Revised desktop procedure | December | | |
| 32 | Oversight | Complete all CalViva required C&L reports | Develop C&L CalViva work plan, write/revise and submit C&L CalViva Program Description. Prepare and submit work plan and LAP mid year reports and end of year reports | Ongoing | | |
| 33 | Oversight | Participate in all CalViva required work groups and committees | Participate in the ACCESS workgroup, QI/UM workgroup, QI/UM committee, monthly operations management meetings, Regional Health Authority meetings as needed or requested, etc. | Ongoing | | |

| | | | | | |
|----|--|--|--|-----------|------|
| 34 | Oversight GNA | Establish relationships with local community partners, identify participants for Public Policy Committee participation for Fresno, Kings and Madera Counties | Assist coordinate, attend and present at Public Policy Committee planning meetings, Public Policy Committee meetings and C&L relevant community sponsored events as required | Quarterly | |
| 35 | Oversight | Develop, update and/or maintain all C&L related P&Ps | Updated P&Ps submitted to designated CalViva Health staff for utilization in the development or review of CalViva Health C&L P&Ps | Annually | |
| 36 | | Commu | unication, Training and Education | | |
| 37 | Rationale | To provide information to providers and staff on resources, and member diversity. Based on GN family and friends as interpreters. | | | |
| 38 | Responsible Staff: | Primary: L. Witrago, B. Ferris | Secondary: D. Carr, I. Diaz, H. Theba | | |
| 39 | Training and Support GNA | Provide support and training to A&G on coding and resolution of grievances; re-align coding per 1557 non-discrimination reporting | Revised/updated Quick Reference Guide (QRG) for A&G staff regarding grievance responses, coding and when to send to C&L, etc. Explore opportunity to place developed tools / training online. Support provided | Ongoing | |
| 40 | Staff Training GNA | Provide C&L in-services for other departments as requested (e.g., Call Center, Provider Relations, etc.). Update training decks with specific date slides at mid and end of year. Update interpreter and translation QRGs with any system updates or process changes | Curriculum/power point, name of department and total number of participants who attended the inservice | Ongoing | |
| 41 | Staff Communication GNA | Maintenance and promotion of C&L intranet site | Timely posting of important information on C&L intranet, e.g., vendor attestation forms, threshold languages list, etc. | Ongoing | |
| 42 | Provider Communication GNA | Prepare and submit articles for publication to providers. Potential topics: LAP services , culture and health care, and promotion of on-line cultural competence/OMH training | Copies of articles and publication dates | Ongoing | |
| 43 | Provider Communication and Training GNA | Promote C&L flyer and provider material request form about C&L department consultation and resources available, inclusive of LAP program and interpreter services | Provider material request forms received by C&L Department | Ongoing | |
| 44 | Member Communication | Annual PPC promotion article on member newsletter | Write or revise annual PPC article distributed to CalViva members | Annual | |

| | 45 | | Core Areas of Specialization: Health Literacy, Cultural Competency, and Health Equity | | | | |
|---|----|---|--|---|-------------------|--|--|
| | 46 | | | Health Literacy | | | |
| * | 47 | Rationale Rationale To ensure that the information received by members is culturally and linguistically appropriate and readability levels are assessed to ensure they comply with required readability levels mandated by regulatory agencies. According to GNA results, a third (35%) of responding members indicated they 'sometimes' had trouble filling out forms (35%). Based on GNA findings, C&L will provide support to departments to ensure resources and interventions are culturally and linguistically appropriate. | | | nbers indicated | | |
| | 48 | Responsible Staff: | Primary: A. Kelechian, D. Carr | Secondary: B. Ferris, L. Witrago | | | |
| | 49 | English Material Review GNA | Conduct English Material Review (EMR) per end- end document production guidelines (review of content and layout of materials for C&L appropriateness and low literacy) | Completion of all EMRs as tracked through the C&L database | Ongoing | | |
| ۸ | 50 | Operational GNA | Review and update Health Literacy Tool Kit as needed inclusive of list of words that can be excluded during the readability check, database guide, checklists, readability assessment guide and other relevant materials | Production and distribution of toolkit | June | | |
| Ī | 51 | Training GNA | Quarterly training for staff on how to use the C&L database and write in plain language | Quarterly training | Quarterly | | |
| Ī | 52 | Training GNA | Conduct activities and promotion of national health literacy month (NHLM) | Production and tracking of action plan for NHLM and summary of activities | October | | |
| Ī | 53 | | | Cultural Competency | | | |
| * | 54 | To integrate culturally competent best practices through provider and staff in-services, training, education, and consultation. Training program offers topic specific education and consultation as needed by staff, contracted providers and external collaborations. According to GNA results, one-third (31%) of members indicated their beliefs go against their PCP's advice. Based on GNA findings, C&L will continue to increase awareness of cultural sensitivity to address ongoing needs of members with diverse cultural backgrounds. | | | SNA results, one- | | |

Health Education Executive Summary

REPORT SUMMARY TO COMMITTEE

TO: CalViva QI/UM Committee

FROM: Hoa Su, MPH, Health Education Department Manager

Justina B. Felix, Health Educator

COMMITTEE DATE: May 16, 2019

SUBJECT: 2018 CalViva Health's Health Education Work Plan End of Year Evaluation

2019 CalViva Health's Health Education Work Plan

2019 CalViva Health's Health Education Program Description

Summary

The 2018 Health Education Work Plan Year-End Evaluation report documents progress of **14 program initiatives**. Of the 14 initiatives, 11 key programs met or exceeded the year-end goal. The remaining three (Obesity Prevention, Perinatal Education, and Tobacco Cessation) partially met the year-end goal.

Purpose of Activity:

To provide for QI/UM Committee review and approval of:

- 2018 CalViva Health's Health Education Work Plan Year-End Evaluation
- 2019 CalViva Health's Health Education Work Plan
- 2019 CalViva Health's Health Education Program Description

Data/Results (include applicable benchmarks/thresholds):

The Health Education Department developed programs and services on a variety of topics to promote healthy lifestyles and health improvement for CalViva Health (CVH) members. The main areas of focus are member engagement, HEDIS improvement, health equity, weight control, pregnancy, smoking cessation, preventive health care services, and chronic disease education.

Within each initiative, there are multiple programs and services. **Table 1** compares 2018 year-end utilization outcomes of key health education programs and services against 2018 year-end goals.

Table 1. 2018 Year-End Utilization of Health Education Programs

| Initiative | Program | 2018 Year-End Goal | 2018 Year-End Status | % of 2018 Year-End Goal Met |
|--|--|--|---|--|
| 1. Chronic Disease Education | Proyecto Dulce Disease Self-Management and Education Program (DSME). | Conduct 1 DSME class series reaching 30% targeted CVH member participants | Conducted 2 Proyecto Dulce & 2 Diabetes Prevention Program class with 62 participants, of which, 43 (69%) were CVH members. | 230% (members) |
| 2. Community Partnerships | Increase CVH member participation in health education classes | Reach a 55% member participation rate in classes | Conducted 99 health education classes to 772 participants, of which, 499 (65%) were CVH members. | 118% (members) |
| 3. Digital Health Education Programs | Management of Persistent Medication (MPM) text messaging campaign | Reach 50% of targeted members | 77% (342/445) members received an MPM text messaging about scheduling their labs. | 154% (members) |
| | myStrength | Enroll 30 members | Enrolled 45 members | 150% (members) |
| 4. Healthy Equity Projects | Improve postpartum rate for targeted provider in Fresno County. | Develop and implement 1 educational intervention to improve postpartum rate targeting Latinos in Fresno County | Completed 3 interventions: 1. Developed the CalViva Health Mendota Community Advisory Group and informed health plan members on: postpartum care (21-56 days), interpreter services, transportation service and nurse advice line, 2. Added OB Alert to Electronic Medical Record to remind United Health Centers' clinical staff to schedule postpartum exam between 21-56 Days, and 3. Added Cultural Practices Question to American College of Obstetrician and Gynecologist (ACOG) OB History Form. | 300% (Intervention) |
| 5. HEDIS Improvement Incentive | Implement MPM incentive program with a targeted provider | 15% of members reached through a MPM text messaging campaign complete their MPM labs. | 69% (209/305) of members who completed their labs were reached through text messaging. | 460% (members) |
| Programs | Implement a baby shower member incentive program | Reach a 50% member participation rate in baby showers. | 64% (261/406) of baby shower participants were members. | 128% (members) |
| 6. Immunization Initiative | Collaborate with QI to implement Childhood Immunization (CIS) Performance Improvement Plan (PIP) | Develop, implement and test for effectiveness 1 educational intervention to improve CIS rate in Fresno County. | Increased clinic immunization rate from 51% to 59.7%. Eliminating double booking and having Panel Managers schedule members for RN visit for immunizations improved immunization rate. | 100% (Intervention) |
| 7. Member Engagement | Increase member screenings for diabetes care measures | 15% of member participants in Know Your Numbers (KYN) interventions complete their screenings. | Conducted 4 Know Your Numbers events with 205 participants reached, of which 144 (70%) were CVH member. Of the 144 members reached, 123 (85%) completed a screening. | 566% (members completed screening) |
| 8. Member Newsletter | Inform CVH members of current health education topics and Medi-Cal policies and services. | Produce 4 member newsletters | 4 newsletters distributed to CVH members: Spring 2018: 190,182 Summer 2018: 190,194 Fall 2018: 191,072 Winter 2018: 192,775 | 100% (newsletter) |

| 9. Obesity | Fit Families for Life (FFFL) Home Edition Program enrollment & satisfaction | Enroll 400 members (70% flagged as high-risk) and 90% satisfaction from program surveys. | Enrolled 699 members (96% flagged as high risk), 100% satisfaction (workbook survey). | 174% (members) 137% (flagged as high risk) 111% (satisfaction) |
|---|--|--|---|---|
| Prevention: 9a. Members | FFFL Coaching Program Enrollment | Enroll 75 members with 65% members completing at least 1 call (closed cases) and 40% members completing all 5 calls (closed cases with at least 1 call). | Enrolled 12 new members with 58% of members completing at least 1 call (33 closed cases within timeframe) and 63% members completing all 5 calls (closed cases with at least 1 call). | 16% (members) 89% (1 coaching call) 158% (5 coaching calls) |
| | Increase Health Habits for Healthy People (HHHP) program enrollment | 100 members | Enrolled 419 members. | 419% (members) |
| 9. Obesity Prevention: 9b. Community | Conduct FFFL Community classes, increase participant knowledge and acquire high satisfaction rates. | Reach a 25% member participation rate; participants achieve 80% correct answers per knowledge metric (post-tests) and 90% satisfaction rate from post-tests. | Reached a 42% member participation rate; 80% correct answers on all knowledge metrics (workshops); 100% satisfaction rate overall from workshops. No series data collected. | 168% (member participation) 100% (correct answers) 111% (satisfaction rate) |
| | Promote pregnancy packets to members | Distribute 1,500 pregnancy information packets to requesting CVH pregnant members. | Mailed 1,028 pregnancy packets to CVH members. | 69% (packets) |
| 10. Perinatal Education | Coordinate bilingual baby showers to expectant mothers in Fresno and Kings County | Implement 25 baby showers within Kings and Fresno counties. | Completed 28 baby showers in Fresno County with 406 attendees, of which, 261 (64%) were CVH members. | 112% (baby showers) |
| 11. Promotores Health Network | Increase member participation in diabetes prevention program classes. | Conduct 1 DSME class series reaching 30% targeted CVH member participants. | Conducted 2 Proyecto Dulce & 2 DPP to 62 participants, of which, 43 (69%) were CVH members. | 230% (members) |
| 12. Tobacco Cessation Program | CA Smokers' Helpline (CSH) | Enroll 290 smokers into CA Smokers' Helpline | Enrolled 189 members. | 65% (members) |
| 13. Compliance: Oversight and Reporting | Update Health Education Department's Policies and Procedures. | Update Policies and Procedures. | Updated 5 Policies and Procedures. | 100% |
| | Present Health Education updates at PPC meetings. | Present at 4 PPC meetings. | Presented at 4 PPC meetings. | 100% |
| 14. 2018 Barrier Analysis and Actions Taken

| Barriers | Efforts to be taken in 2019 |
|---|---|
| FFFL Coaching: Program contract slated to end as of 12/31/2018. Reduction of promotion and enrollment efforts as program was ending. | Program no longer available in 2019. Eligible members 18 years old and older with prediabetes will be eligible to participate in the Diabetes Prevention Program with the same goal of reducing weight to stay healthy. |
| Pregnancy Matters: Lack data to identify pregnant women early on during the pregnancy. DHCS stopped providing list of pregnant members with presumptive eligibility. Members have to opt-in to receive education packet. No incentive is available for members to opt into the program. | Transition to new Pregnancy Program which has an incentive for members to inform CalViva Health of their pregnancy. CalViva Health will then enroll them into the program. |
| Smoking Cessation Program: Fewer provider referring members to the Helpline. Less program advertisement by California Smokers' Helpline (CSH). | Increase program promotion to providers via a webinar and provider communication. Explore opportunities to reach smokeless tobacco, vape, and other types of tobacco use among CVH members. Explore opportunity for CSH to outreach to CVH members directly and offer a starter nicotine replacement therapy to encourage enrollment. |

Major changes the Health Education Program Description:

- Added Diabetes Prevention Program as a new benefit.
- Removed Fit Families for Life Coaching program and Breastfeeding and Nutrition Support Line as they services would be offered through the Diabetes Prevention Program and the Nurse Advice Line respectively.
- Updated description of new pregnancy program.

2019 Health Education Work Plan:

- Continue key programs and services from 2018
- Added new initiatives: asthma, behavioral health, Diabetes Prevention Program, geomapping capabilities

Next Steps:

Implement the 2019 Health Education Department work plan.

I. Purpose

The purpose of the CalViva Health (CVH) Health Education Work Plan is to provide a systematic plan of health education activities for the calendar year. It also documents the outcomes of proposed health education programs and services. The implementation of this plan requires the cooperation of CVH senior staff management and multiple departments such as Cultural and Linguistic Services, Quality Improvement, Utilization/Care Management, Members Services, Marketing, and Provider Relations.

II. Goals

- 1. To provide free, accessible, culturally and linguistically appropriate health education and health equity programs, services and resources to:
 - aid members and the community to achieve good health and overall wellbeing,
 - positively impact CVH's health care quality performance rates, and
 - positively impact member satisfaction and retention.
- 2. To increase the quality, availability, and effectiveness of health education through internal and external partnerships and collaborations.

III. Objectives

- 1. Encourage members to practice positive health and lifestyle behaviors.
- 2. Promote members to appropriately use preventive care and primary health care services.
- 3. Teach members to follow self-care regimens and treatment therapies.
- 4. Support provider offices for efficient and cost effective delivery of health education services and referrals.

IV. <u>Selection of the Health Education Department Activities and Projects</u>

The Health Education Work Plan activities and projects are selected from results of CVH group needs assessment report (i.e., demographics, health status, risk factors, and surveys), regulatory requirements, department evaluation report from the previous year, HEDIS® results, contractual requirements, and strategic corporate goals and objectives. After review and input from senior management staff, projects and new departmental activities are identified and incorporated into this work plan. Programs and services are developed with special attention to the cultural and linguistic needs of our membership. This work plan addresses the needs of our Medi-Cal (MC) members.

V. Strategies

The Health Education Work Plan supports and maintains excellence in the health education department's activities through the following strategies:

- increase provider support, resources and communication to ensure provision of comprehensive health care services;
- support community collaboratives to promote preventive health initiatives;
- enhance member utilization of health education and cultural and linguistic resources, help members better understand and manage their health conditions, and improve health care quality performance rates;
- improve the Health Education Department's efficiency; and
- to meet compliance requirements.

The Health Education Department's (HED) main health focus areas include: pregnancy, weight control, member engagement, smoking cessation, preventive health care services, chronic disease prevention, and health promotion.

Due to the great success with the MPM pilot text messaging, CVH will continue with this campaign until the end of the year with Camarena Health Clinic. LBP and AAB text message campaign developed and in review phase. LBP text campaign to be launched in October and AAB text campaign to be launched in November. | | | | | |

| Initiative Continuation Status (populate at year-end) | CLOSED CONTINUE INITIATIVE UNCHANGED CONTINUE INITIATIVE WITH MODIFICATIONS | | | | |
|--|--|--|--|--|--|
| Overall Effectiveness/Lessons Learned (populate at year-end) | Were the activities adequate to address the barriers? Were the objectives feasible? How will lessons learned impact implementation for next year? Digital Health Education programs have provided a valuable digital platform to administer CalViva Health customized text campaigns. CalViva Health will continue to level this platform for additional digital projects in 2019 once DHCS approves the company's texting policy. myStrength expanded its modules to include opioid education. Additional promotion to CalViva Health members of this tool is needed for 2019. Avenues include the member newsletter and a revised myStrength flyer. | | | | |
| | Due to other HEDIS strategies for CCS, QI/HED did not implement a CCS text messaging campaign in 2018. MPM text messaging continues to be a great success with Camarena Health Clinic; CVH will be expanding this campaign to 2019. Text-messaging outreach for low back pain and antibiotic were not possible due to pending DHCS approval of company texting policies. DHCS issued a request to review company's texting policy in Q4, 2018. Members enrolled in the myStrength online program exceeded by 50% in 2018. My Strength program flyers are being edited to lower the readability level, and to highlight additional components, such as the pain management module and the myStrength app to enhance the number of enrolled members. | | | | |

|---------------------------------------|--|--|--|--|--|
| | Year-End Update | | | | |
| | Starting in June, the proposed health education member incentive programs transitioned into the QI member incentive programs where care gap members | | | | |
| | were reminded to complete their health screenings at weekend/one-stop clinics. This eliminated the educational component of the health education incentive | | | | |
| | programs. Members would get the incentive immediately upon completion of health screenings. | | | | |
| | Were the activities adequate to address the barriers? Were the objectives feasible? How will lessons learned impact implementation for next year? | | | | |
| | Health Education provided leadership to the weekend/one stop clinic Intervention by providing telephonic outreach and scheduling doctor appointment for | | | | |
| | non-compliant members. Health Education in partnership with Provider Relations was instrumental in identifying members closest to the clinic site, securing | | | | |
| | buy-in and agreements of targeted high volume providers to host the clinics, supporting the implementation of the clinics and incentive programs, and tracking | | | | |
| Overall Effectiveness/Lessons Learned | outcomes. CalViva Health conducted Weekend Clinics during the months of August to December 2018. These clinics were conducted at high volume provider | | | | |
| (populate at year-end) | offices and Federally Qualified Health Centers for Breast Cancer Screening, Cervical Cancer Screening, Comprehensive Diabetes Care, Well Child visits, and | | | | |
| (populate at year-ena) | Monitoring Prescribed Medications with a total of 1,067 members completing their HEDIS measures. All members who completed their screenings received a | | | | |
| | Visa gift card at point of care. These clinics were implemented in a very short turnaround time which resulted in limited opportunity to accurately outreach and | | | | |
| | educate members on the importance of attending these health screenings. Some clinics had no or low attendance. With proven success of weekend/one-stop | | | | |
| | clinics, CalViva Health could encourage providers to implement such events on-going throughout the year to increase access for members to get their health | | | | |
| | screenings completed. | | | | |

OVERVIEW

CalViva Health is a Local Health Initiative managed care plan licensed by the Department of Managed Health Care (DMHC) and under contract with the California Department of Health Care Services (DHCS) to provide health care services to Medi-Cal (MC) members. CalViva Health has MC operations in three California counties, spanning rural and urban settings with diverse and distinct challenges. The three MC counties include Fresno, Kings and Madera.

CalViva Health has an Administrative Services Agreement with Health Net Community Solutions (HNCS or Health Net) to provide certain administrative services on CalViva Health's behalf. CalViva Health also has a Capitated Provider Services Agreement with Health Net Community Solutions for the provision of health care services to CalViva Health members through Health Net's network of contracted providers. Health Net Community Solutions provides health education programs, services, and resources on CalViva Health's behalf through these contractual arrangements. CalViva Health may also contract with other entities or health plans to provide health education programs, services, and resources for members enrolled with CalViva Health.

These services are based on community health, cultural, and linguistic needs in order to encourage members to practice positive health and lifestyle behaviors, to use appropriate preventive care and primary health care services, and to follow self-care regimens and treatment therapies. Health education services include individual, group and community-level education, and support by trained health educators. Provision of health education materials includes culturally and linguistically appropriate brochures, fact sheets, flyers, and newsletters. Under the oversight of CalViva Health, the Health Net Health Education Department (HED), in coordination with the Health Net Cultural and Linguistic Services Department, conduct a community needs assessment for CalViva Health contracted counties. Assessment results are used to develop health education priorities and the annual work plan.

POLICY STATEMENT AND PURPOSE

<u>Policy Statement</u>: CalViva Health is committed to providing appropriate and effective health education, health promotion and patient education programs, services and materials to its members based on community health, cultural, and linguistic needs. These programs and resources seek to encourage members to practice positive health and lifestyle behaviors, use appropriate preventive care and primary health care services, and learn to follow self-care regimens and treatment therapies. CalViva Health ensures the delivery of organized health education programs using education strategies, methods and materials that are appropriate for the member population and effective in achieving behavioral change for improved health. CalViva Health conducts appropriate levels of evaluation, e.g. formative, process and outcome evaluation, to ensure effectiveness in achieving health education program goals and objectives.

HED's Goals:

- 1. To provide free, accessible, culturally and linguistically appropriate health education and health equity programs, services and resources to:
 - Aid members and the community to achieve good health and overall wellbeing.
 - Positively impact CalViva Health's health care quality performance rates.
 - Positively impact member satisfaction and retention.
- 2. To increase the quality, availability, and effectiveness of health education through internal and external partnerships and collaborations.

Purpose:

- To provide accessible, no cost health education programs, services and resources based on the community health, cultural and linguistic needs of CalViva Health's members and contractually required program scope.
- To monitor the quality and accessibility of health promotion and education offered by CalViva Health Primary Care Physicians (PCPs) to CalViva Health members.
- To encourage PCPs to perform an individual health education behavioral assessment (IHEBA)/Staying
 Healthy Assessment (SHA); assist providers in prioritizing individual health education needs of
 their assigned patients related to lifestyle, behavior, environment, and cultural and linguistic
 background; and assist providers in initiating and documenting focused health education
 interventions, referrals and follow-up.

Confidentiality

CalViva Health's health education programs and services, administered through the HED, maintain the confidentiality of all documents and any acquired member identifiable information in accordance with company, state, and federal regulations.

PROCEDURES

CalViva Health establishes programs and services to meet the regulatory requirements of Department of Health Care Services (DHCS) and offers no-cost information materials, programs, and other services on a variety of topics to promote healthy lifestyles and health improvement to members. These programs and services include:

Health Education Programs, Services and Resources (Interventions)

CalViva Health arranges organized health education interventions using educational strategies, methods and materials that are appropriate for the member population and effective in achieving behavioral change for improved health. The HED directly offers no cost health education interventions to CalViva Health members in each contracted county. When a contracted provider with expertise in delivering health education interventions offers the same type of service, the member is referred to the provider that is delegated to serve that member. Members are referred to the appropriate health education program (within CalViva Health, local hospital or a community based organization) based on type of request, geographical, cultural, and language circumstances.

CalViva Health ensures provision of the following program interventions for members by addressing the following health categories and topics:

- Effective Use of Managed Health Care Services: Educational interventions designed to assist members to effectively use the managed health care system, preventive and primary health and dental care services, obstetrical care, health education services, and appropriate use of complementary and alternative care.
- Risk Reduction and Healthy Lifestyles: Educational interventions designed to assist members to
 modify personal health behaviors, achieve and maintain healthy lifestyles, and promote positive health
 outcomes, including programs for tobacco use and cessation; alcohol and drug use; injury prevention;
 prevention of sexually transmitted diseases (STD), HIV and unintended pregnancy; nutrition, weight
 control, and physical activity; diabetes prevention; and parenting.
- Self-Care and Management of Health Conditions: Educational interventions designed to assist members to learn and follow self-care regimens and treatment therapies for existing medical conditions, chronic diseases or health conditions, including programs for pregnancy, asthma, diabetes, and hypertension.

Members and PCPs may request educational materials on health topics such as, but not limited to, nutrition, tobacco prevention & cessation, HIV/STDI prevention, family planning, exercise, dental, perinatal, diabetes, asthma, hypertension, age-specific anticipatory guidance, injury prevention and immunization. Some of these topics are also offered at community classes.

Point of Service Education: CalViva Health monitors that (1) members receive health education services during preventive and primary health care visits, (2) health risk behaviors, health practices and health education needs related to health conditions are identified, and (3) educational intervention, including counseling and referral for health education services, is conducted and documented in the member's medical record. CalViva Health ensures that providers use the DHCS developed and approved Individual Health Behavioral Assessment tool, Staying Healthy Assessment, or other approved assessment tool for identifying Medi-Cal medical members' health education needs and conducting educational interventions. CalViva Health provides health education resources, programs and community classes to assist contracted providers to provide effective health services for members.

The following programs and resources are available at no cost to CalViva Health's members through self-referral or a referral from their primary care physician. Members and providers may obtain more information about these programs and services by contacting the HED's toll-free Health Education Information Line at (800) 804-6074.

- Weight Management Programs Members have access to a comprehensive Fit Families for Life-Be In Charge!sm suite of programs. The Fit Families for Life-Home Edition is a 5-week home-based program to help families learn and set weekly nutrition and physical activity goals to achieve a healthy weight. Members may speak with a nurse specialized in nutrition or a dietitian about their nutrition related concerns through the Fit Families for Life-Breastfeeding and Nutrition Support Line. Members 6-20 years old with a 95th BMI percentile or higher are eligible to participate in the Fit Families for Life-Coaching Program. These members work with a nurse specialized in nutrition or a dietitian to establish a personal weight control plan and have unlimited access to the coach for on-going support. These members will also have access to incentives to enhance their learning and engagement. Fit Families for Life-Community Classes, teaching basic nutrition and physical activity information, are offered at community centers and community based organizations located in areas where CalViva Health members reside. The Fit Families for Life-Community Classes are free to all CalViva Health members and the community. CalViva Health members also have access to Healthy Habits for Healthy People weight management educational resource specifically for adults and seniors.
- <u>Disease Management Program</u> Members with asthma, diabetes, and chronic heart failure are enrolled into *Be In Charge!* Disease Management programs to help them control their condition. Members receive educational resources and have unlimited 24 hour access to a nurse to address their medical concerns. High-risk members also receive nurse initiated outbound calls to help members manage their conditions.
- Diabetes Prevention Program Eligible members 18 years old and older with prediabetes can
 participate in a year long evidence-based, lifestyle change program that promotes and focuses on
 emphasizing weight loss through exercise, healthy eating and behavior modification. The
 program is designed to assist Medi-Cal members in preventing or delaying the onset of type 2
 diabetes.
- CalViva Pregnancy Program The pregnancy program incorporates the concepts of case management, care coordination, disease management and health promotion in an effort to teach pregnant members how to have a healthy pregnancy and first year of life for babies. The program also aims to reinforce the appropriate use of medical resources to extend the gestational period and reduce the risks of pregnancy complications, premature delivery, and infant disease. Members can participate by contacting Member Services at 1-888-893-1569.
- Healthy Pregnancy program Pregnant members receive educational resources including telephonic case management for high risk pregnancies to help them achieve a successful pregnancy and healthy baby.
- California Smokers' Helpline.--The California Smokers' Helpline (1-800-NO-BUTTS) is a free statewide quit smoking service. operated by the University of California San Diego Moore's Cancer Cent. The Helpline offers self-help resources, referrals to local programs, and one-on-one telephone counseling to quit smoking. —Helpline services are available in six languages (English, Spanish, Cantonese, Mandarin, Korean, and Vietnamese), and specialized services are available to teens, pregnant women, and tobacco chewers. Members are offered a 90 day regimen of all FDA approved tobacco cessation medications with at least one medication available without prior authorization. CalViva Health will cover a minimum of two separate quit attempts per year with no mandatory break between quit attempts. CalViva Health also offers no cost individual, group and telephone counseling without prior authorization for members of any age regardless if they opt to use tobacco cessation medications.

- Breastfeeding and Nutrition Support Line Members have access to nutrition advice from a dietitian or breastfeeding advice from a lactation specialist. Counseling and related educational materials are provided in a variety of threshold languages. The Breastfeeding and Nutrition Support Line is provided as an educational service to members and does not replace a comprehensive nutrition assessment by a dietitian or physician. Extended services, such as nutrition assessments for chronic diseases, are available through provider referrals.
- <u>Nurse Advice Line</u> Members may speak to a nurse 24 hours a day, 7 days a week in the
 member's preferred language about any health related concerns. Pre-recorded information about
 a variety of diseases and health issues is also available via the Nurse Advice Line as part of the
 Audio Health Library.
- Healthy Hearts, Healthy Lives Members have access to a heart health prevention toolkit (educational booklet, tracking journal and fitness DVD) and access to community classes to learn how to maintain a healthy heart.
- <u>Digital Health Education</u> Teens from 13 years old and adults may participate in electronic health education campaigns and programs available through T2X's website, text messaging and mobile app. T2X engages members in discussing health topics that are important to them. T2X interventions guide participants in learning how to access credible health education information and seek preventive health care services. CalViva Health also offers myStrength, a personalized website and mobile application, to help members deal with depression, anxiety, stress, substance use, and pain management.
- <u>Health Promotion Incentive Programs</u> The HED partners with Quality Improvement Department to develop, implement and evaluate incentive programs to encourage members to receive health education and to access HEDIS related preventive health care services.
- Know Your Numbers Community Class and Screening Events -- The HED conducts health screening on BMI, diabetes, hypertension and/or cholesterol to help participants understand their current health status. At the same event, participants are provided the appropriate preventive health education to help them adopt healthy behaviors and connect them to health care providers to control their health conditions.
- Community and Telephonic Health Education Classes Free classes are offered to members and the community. Classes are available in various languages. Topics vary by county and are determined by the community's needs.
- <u>Community Health Fairs</u> HED participates in health fairs and community events to promote health awareness and promotion to members and the community. CalViva Health representatives provide screenings, presentations, and health education materials at these events.

The following educational resources are available to members:

- Health Education Resources: Members or the parents of youth members may order health education materials on a wide range of topics, such as asthma, healthy eating, diabetes, immunizations, prenatal care, exercise and more. These materials are available in threshold languages.
- <u>Health Education Member Request Form</u> Members complete a pre-stamped form to request free health education materials available through the department. The form also contains the tollfree Health Education Information Line.
- Health Education Programs and Services Flyer This flyer contains information on all health education programs and services offered to members and information on how to access services.
- <u>Preventive Screening Guidelines</u> -- The guidelines are provided to inform members of health screening and immunization schedules for all ages. These are available in English, Spanish and Hmong.
- <u>Member Newsletter</u> Newsletter is mailed to members on a quarterly basis and covers various health topics and the most up-to-date information on health education programs and services.

CalViva Health follows MMCD Policy Letter 16-005 to develop, implement and evaluate appropriate incentive programs to promote positive health behaviors among members.

Group Needs Assessment

CalViva Health conducts a Group Needs Assessments (GNA) for contracted counties and develops a health education work plan based on the assessment results. The purpose of the GNA is to determine the health education, cultural, language, and health care access needs of CalViva Health Medi-Cal members. A full GNA report is submitted to DHCS every five (5) years. <u>Updated GNA findings are incorporated in the Plan's annual work plan.</u> a work plan reflecting updated GNA findings is submitted each of the other four (4) years.

CalViva Health ensures that the findings of the GNA, as well as other relevant information, are used to establish health education, cultural & linguistics and quality improvement program priorities and appropriate levels of intervention for specific health issues and target populations. GNA findings are used to prioritize the annual work plan objectives and intervention activities and to guide on-going project developments to address the unmet needs of our members.

The health education system shall be reviewed at least once a year to ensure appropriate allocation of health education resources based upon needs assessment findings, program evaluation results, and other plan data. Health education programs, services and resources are developed, augmented, prioritized and allocated according to several critical sources that identify areas of need. The health education work plan is developed on an annual basis based on the following listed data sources:

- Needs and recommendations identified in the GNA findings, or other assessment findings, which
 are reviewed on an on-going basis
- Available provider and member surveys that identify the needs for new and satisfaction with current health education and cultural and linguistic services
- Annual evaluation of all health education services that include process and outcome evaluation and direct health education service requests from members and providers
- Data from current CalViva Health HEDIS® health outcomes reports
- Specific community requests determined through the CalViva Health Public Policy Committee meetings
- Discussion and coordination of community needs at various community-based workgroups and coalitions
- Needs identified by other departments

The results of the assessment are presented at appropriate internal forum (e.g., QI/UM Workgroup) and external forum (e.g., QI/UM Committee, Public Policy Committee).

Educational Materials

Health education materials are provided to members and contracted providers for dissemination to their Medi-Cal members. CalViva Health produces health education materials for its members with a 6th grade or lower reading level and takes diverse cultural backgrounds into consideration in their development and translation. Materials are also available on alternative formats upon member request. The Cultural and Linguistic Services Department reviews these materials for accuracy of translation, cultural content, and reading level. Moreover, CalViva Health evaluates member materials with the assistance of experts, Public Policy Committee, focus groups, and/or individual and group interviews. Health education materials are also offered and disseminated through community health education classes, health fairs and other events that are significantly relevant to the CalViva Health priority areas.

Promotion of Health Education Programs, Services and Resources

A. Members

CalViva Health promotes members to appropriately use health care services including health education interventions. CalViva Health also monitors that these interventions are available and accessible upon member self-referral or referral by contracting providers. Members are provided information in the following ways:

- Via the toll-free Health Education Information Line, Nurse Advice Line, Breastfeeding & Nutrition Support Line, and Member Services
- On CalViva Health's website
- Via –digital communications including T2X and myStrength website and mobile app, and text messaging interventions
- Information contained in the member newsletters and other member mailings
- Inclusion in the enrollment packets with Health Education Member Request Form
- At health fairs and other community events
- Via the CalViva Health contracted providers' offices
- In association with Community Based Organizations
- During health education presentations and classes
- Inclusion in the Evidence of Coverage (EOC)
- Through other internal departments (e.g., Quality Improvement, Provider Relations, Public Programs, and Cultural & Linguistics)

B. Providers

CalViva Health offers education, training, and program resources to assist contracting practitioners in the delivery of effective health education services for members. Provider educational and training opportunities can include CME training information, in-services on health education programs and services, and web-based health education. Information about CalViva Health's health education programs and resources are disseminated to contracting providers through the following ways:

- CalViva Health's Provider Toolkit and web-based Provider Operations Manual contain requirements for health education and available health plan's services. The Toolkit and Manual are updated as needed. The Health Education materials order form is included as an attachment and offers materials in multiple languages and on multiple health topics at no cost to the providers or members
- Provider on-line newsletters, Provider Updates, flyers and other provider mailings
- CalViva Health's provider trainings
- On-site visits are conducted by the Facility Site Compliance Department, Provider Relations, <u>Practice Transformation</u> <u>Department</u> and HED to inform providers and their staff about CalViva Health's services, including health education programs, Staying Healthy Assessment, and resources
- CalViva Health's toll-free Health Education Information Line
- Health education in-services including the Child and Adolescent Overweight Provider Toolkit and Fit Providers for Life weight management wellness program for providers and their staff

C. CalViva Health and Health Net Staff

The HED provides regular communications with Plan staff to keep them abreast of health education interventions and to foster collaborative efforts to improve health outcomes for members. The HED reaches out to the following departments: Public Programs, Quality Improvement, Health Care Services, Cultural & Linguistic Services, Provider Relations, Practice Transformation, Member Services and Enrollment Services.

Health education programs, resources and services are promoted to staff through the following ways:

- Health Education Department intranet site
- Health Education Department email updates
- State Operational Meetings
- CalViva Health's website
- Presentation at individual department's staff meetings
- Member newsletter
- Interdepartmental workgroup meetings

D. Community Collaborations

The HED interacts with community-based organizations (CBOs), providers and other stakeholders in statewide and county specific collaborations to support health initiatives to promote positive community member health and lifestyle behaviors. The HED also participates to promote CalViva Health's health education interventions. The HED's Sr. Health Education Specialists are involved in coalitions that address major health issues identified in the GNAs and/or reflective of CalViva Health's priorities. Creating and maintaining community connection allows for input and guidance on member services and programs and assures that the HED work reflects the needs of CalViva Health members. The role of the HED within the CBO or community collaborative is primarily consultative in nature. In some instances, HED takes on a more leadership role where appropriate. CalViva Health may also provide sponsorships to CBOs and collaboratives to implement interventions that meet the company's priorities.

CalViva Health's Health Education Standards and Guidelines

The HED's standards and guidelines must support the findings of professional experts or peers, best practices, and/or published research. CalViva Health monitors the performance of providers that are contracted to deliver health education programs and services to members, and implement strategies to improve provider performance and effectiveness.

Educational materials for Medi-Cal members must be culturally appropriate and written at a sixth-grade (or lower) reading level and in an easy-to-read format. All health education materials are reviewed and approved by the Health Education Department, Cultural & Linguistic Services Department, Medical Directors, CalViva Health staff and contracting regulators as appropriate. CalViva Health pre-translated a core set of educational materials into Spanish and Hmong. Health Education materials are also available in alternative formats upon member request. Educational materials and services must be available on a variety of topics to members and providers at no cost.

CalViva Health's educational interventions and programs are developed based on specific professional behavioral models, such as the PRECEDE/PROCEED model, the Health Belief Model, and the Transtheoretical/Stage of Change model. These models are valuable in health education and promotion planning since they provide a format for identifying factors related to health problems, behaviors, and program implementation. The following are the most common health education methods used:

• <u>Structured health education classes and other events</u>: Health education classes, presentations, health fairs, screenings or other event participation on topics such as diabetes, asthma, pregnancy, nutrition, exercise, cervical cancer, dental, hypertension, etc.

- <u>Telephonic/Face to Face interventions</u>Counseling: Examples include our Fit Families for Life Be In Charge!sm Coaching Program and Breastfeeding and Nutrition Support Line, and California Smokers' Helpline smoking cessation and Diabetes Prevention Pprograms.
- Mass media: Direct member mailing and digital education interventions on various health education topics, such as Preventive Screening Guidelines, diabetes, asthma, pregnancy, smoking cessation, and weight control.

Another health education standard includes the evaluation of all health education programs to ensure effectiveness in achieving health education goals and objectives. The different types of evaluation methods used are: qualitative, quantitative, formative, process, and outcome.

Individual Health Education Behavioral Assessment (IHEBA)/ Staying Healthy Assessment (SHA)

The California Department of Health Care Services (DHCS) requires primary care physicians to administer an Individual Health Education Behavioral Assessment (IHEBA) to Medi-Cal members. The DHCS developed and approved IHEBA is the Staying Healthy Assessment (SHA). CalViva Health encourages all new members to complete the IHEBA within 120 calendar days of enrollment as part of the initial health assessment (IHA); and that all existing members complete the IHEBA at their next non-acute care visit. CalViva Health encourages: 1) that primary care providers use SHA, or alternative approved tools that comply with DHCS approval criteria for the IHEBA; and 2) that the IHEBA tool is: a) administered and reviewed by the primary care provider during an office visit, b) reviewed at least annually by the primary care provider with members who present for a scheduled visit, and c) readministered by the primary care provider at the appropriate age-intervals.

Contracted providers or provider groups must notify Health Net, on behalf of CalViva Health, two months in advance of using electronic copy of SHA, Bright Futures, and alternative IHEBA tools. Alternative IHEBA tools will need DHCS approval prior to use. Members may decline to participate in an offered assessment. CalViva Health conducts various activities to improve IHEBA implementation, including onsite in-services at provider offices, targeting office staff to complete the non-clinical IHEBA items with the member, and educating members about IHEBA/IHA through direct mailing.

The assessment consists of standardized questions developed by Medi-Cal managed care health plans in collaboration with DHCS to assist PCPs in: 1) identifying high-risk behaviors, including tobacco use and alcohol consumption, of individual members; 2) assigning priority to individual health education needs of their patients related to lifestyle, behavior, disability, environment, culture, and language; 3) initiating and documenting health education interventions, referrals, and follow-up care with members; and 4) identifying members whose health needs require coordination with appropriate community resources and other agencies for services not covered under the current contract.

The SHA consists of nine questionnaires specific to age ranges in which health risk factors may change significantly. They are available in Arabic, Armenian, Chinese, English, Farsi, Hmong, Khmer, Korean, Russian, Spanish, Tagalog, and Vietnamese. Providers are informed via a Provider Update and provider in-services on the SHA requirements, how to complete and document the questionnaires, how to provide appropriate health education and referrals, and where to access the questionnaires. CalViva Health makes these forms available to contracting providers via the toll-free Health Education Information Line, on the provider website, and on the provider materials order fax form.

Public Policy Committee (PPC)

CalViva Health maintains a Public Policy Committee, as one way for members to participate in establishing the public policy of the plan. "Public policy" means acts performed by the Plan or its employees and staff to assure the comfort, dignity, and convenience of members who rely on the Plan's facilities to provide health care services to them, their families, and the public.

The Public Policy Committee meets four times a year. Committee responsibilities include obtaining feedback and guidance in the delivery of culturally and linguistically appropriate health care services, and establishing and maintaining community linkages. The Committee includes CalViva Health members, member advocates (supporters), a Commissioner of CalViva Health's governing board, the Fresno-Kings-Madera Regional Health Authority (RHA) Commission, and health care providers.

STAFF RESOURCES AND ACCOUNTABILITY

1. CalViva Health Committees

A. Governing Body/RHA (Regional Health Authority) Commission

The RHA Commission is the governing body with ultimate authority and responsibility for the oversight of CalViva Health.

B. QI/UM Committee

The QI/UM Committee monitors the quality and safety of care and services rendered to CalViva Health members. This Committee identifies opportunities for improvement, recommends policy decisions, evaluates the results of activities, institutes needed actions, and ensures follow up as appropriate. The Health Education program description, work plan, incentive program summary, and end of year work plan evaluation report are all submitted to the CalViva Health QI/UM committee for review and approval. The QI/UM committee provides regular reports to the RHA Commission.

C. Public Policy Committee

The Public Policy Committee includes CalViva Health members, member advocates (supporters), a RHA Commissioner, and a health care provider. Committee responsibilities include obtaining feedback and guidance in the delivery of culturally and linguistically appropriate health care services, and establishing and maintaining community linkages. The Health Education program description, work plan, incentive program summary and end of year reports are shared as information to the Public Policy Committee. The Public Policy Committee provides regular reports to the QI/UM Committee and the RHA Commission.

2. CalViva Health Staff Roles and Responsibilities

A. Chief Medical Officer

CalViva Health's Chief Medical Officer's responsibilities include assuring that CalViva Health's programs are compatible and interface appropriately with the provider network and the overall scope of CalViva Health's QI program. A medical management team is under the direction of the Chief Medical Officer.

B. Medical Management Team

CalViva Health's Medical Management team includes the Chief Medical Officer, Director of Medical Management Services, who is a Registered Nurse, and a Medical Management Specialist to monitor and evaluate the adequacy and appropriateness of health and administrative services on a continuous and systematic basis.

C. Chief Operating Officer

CalViva Health's Chief Operating Officer's responsibilities include assuring that Health Net is coordinating the requested health education services and needs in accordance with the Administrative Services Agreement with CalViva Health. An operations team is under the direction of the Chief Operating Officer.

D. Operations Team

CalViva Health's Operations team includes the Chief Operating Officer and an Operations Coordinator. The Chief Operating Officer meets the DHCS qualification and definition of a qualified health educator

and maintains a Master Certified Health Education Specialist ("MCHES") certification awarded by the National Commission for Health Education Credentialing, Inc.

E. Chief Compliance Officer

CalViva Health's Chief Compliance Officer's responsibilities include assuring that CalViva Health's programs are in compliance with the DHCS contract, regulatory standards and reporting requirements. A compliance team is under the direction of the Chief Compliance Officer.

F. Compliance Team

CalViva Health's Compliance team includes the Chief Compliance Officer, a Director, and a Compliance Analyst.

3. Health Net Health Education Department (HED) Staff Roles and Responsibilities

The HED's primary function is to fulfill DHCS contractual requirements for health education and provides a supporting role in the development and implementation of quality improvement initiatives coordinated by the QI Department including but not limited to the development and implementation of HEDIS® interventions. CalViva Health's QI/UM Committee oversees the work of the HED.

A. The HED Leadership Team

Important health education services are developed and coordinated within the CalViva Health service area by the HED. The HED continues to maintain their internal reporting responsibilities within Health Net Community Solutions, as a subsidiary to Health Net Inc., (e.g. Chief Executive Officer (CEO), Vice Presidents, Officers, Directors, etc.) however, activities conducted within the CalViva Health service area are subject to oversight by CalViva Health's staff and respective committees.

Incorporating Health Education into Health Care Services Delivery

Processes are in place, including inter-organizational (CalViva Health and Health Net Community Solutions) and provider-initiated methods of identifying members in need of health education, communication assistance, referral to appropriate departments, and coordination of services delivery. Examples of such coordination activities are as follows:

- a) Quality Improvement (QI): HED provides technical and advisory support on health education-related QI interventions and works closely with QI and the Cultural and Linguistics Services Departments and CalViva Health staff to implement HEDIS® improvement projects.
- b) <u>Cultural & Linguistic Services (C&L):</u> HED coordinates with C&L to develop culturally and linguistically appropriate educational resources and programs including converting materials into alternative formats. HED also coordinates with the C&L department to conduct health disparity projects and with the CalViva Health staff to implement Public Policy Committee meetings throughout Fresno, Kings and Madera Counties.
- c) Member Services (MS): HED coordinates with the Member Services Department to include an on-hold health education message on their toll free Medi-Cal phone line. Various health education programs and resources to members are promoted while transferring them directly to the Health Education Information Line. promote –available health education programs and resources.—The HED also coordinates with Member Services to conduct third party oral translation of health education information directly to non-English/non-Spanish-speaking members and to make health education program referrals by members who access the MS phone line.

- d) <u>Medical Management (MM)</u>: HED works closely with <u>medical directorsMedical Management</u> to incorporate health education interventions into health improvement projects.
- e) <u>Case Management (CM)</u>: HED coordinates with CM nurses to refer members to the HED for health education programs, services and materials. HED also works with CM to develop approved health education resources to meet members' health education needs
- f) Provider Relations (PR) and Practice Transformation (PT): HED coordinates with PR and PT staff to encourage providers to refer members to the HED for health education programs, services and materials, through PR and PT's staff also help educate providers on the Staying Healthy Assessment and other DHCS provider training requirements. outreach to providers in the community and/or office.
- g) <u>Public Programs (PP)</u>: HED coordinates with PP staff to refer members to the HED for health education programs, services and materials through PP's targeted initiatives.
- h) <u>Enrollment Services (ES):</u> HED partners with ES to help CalViva Health's pregnant women understand the importance of baby well care visits, postpartum visits and the process for getting their newborn insured.
- i) <u>Member Connections (MC):</u> HED coordinates with MC staff to promote CalViva Health's health education programs and resources to members during their member outreach and home visits.

CalViva Health's health education initiatives support improvement in local public health concerns and support CalViva Health contracted providers' ability to provide culturally and linguistically appropriate health education programs and services.

Strategies for Improving the Effectiveness of Health Education Programs and Services

The HED utilizes findings from program evaluation to identify areas for improvement and to establish strategies for improving program effectiveness. Program evaluation data at varying levels are collected on an on-going basis through methods such as health education class evaluation surveys, reports of weight management activity, quarterly reports of smoking cessation program activity, and member completed preventive health screenings. —Strategies are multi-level and developed to tailor specific needs, such as increasing targeted promotion of a program to increase utilization of services, enhancing class curricula to include more interactive activities based on feedback from class participants, and enhancing a group intervention program by including an individual-level intervention component.

Providers are contracted to deliver and make available no cost health education programs and services to CalViva Health's Medi-Cal members. To improve provider performance in delivering health education services to members, the HED connect providers to a variety of provider training and educational opportunities such as CME training both within targeted Medi-Cal counties and via free on-line training. PCPs and PPGs are also kept informed on CalViva Health's health education programs and services. Monitoring is conducted through monthly analysis of program utilization and provider referrals, through the Facility Site Review and Medical Record Review processes. Moreover, the annual work plan is evaluated to assess progress and outcomes and to develop strategies for enhanced intervention effectiveness for the following year.

PROGRAM EVALUATION

HED Internal Monitoring & Evaluation

The following process is in place to ensure internal monitoring and evaluation:

- Health education materials are offered in an appropriate cultural, linguistic, and reading level.
 HED will follow the MMCD All Policy LetterPlan Letter 16-01641-018 (Readability and Suitability
 of Written Health Education Materials) to develop, review and approve written health education
 materials. CalViva Health Chief Medical Officer's review and approval are needed for materials.
 with clinical information.
- Health education classes and programs are evaluated for effectiveness.
- A documentation system tracks member requests for health education interventions.
- A documentation system tracks provider requests for health education resources to be distributed to members.
- Requests for health education materials and services are evaluated on a monthly and annual basis.
- Mid-year and year-end work plan evaluation reports are prepared and reviewed.
- A GNA Report is developed <u>every 5 years and changes are monitored annually</u>. A member survey is conducted during each GNA Report year to obtain member feedback on health education interventions accessed through CalViva Health's HED.
- An evaluation report is submitted to CalViva Health for review and subsequent submission to DHCS annually for each active health education incentive program.
- <u>Informal provider assessment is conducted to obtain provider feedback on health education programs, services, and materials accessed through CalViva Health's HED as needed.</u>

CalViva Health Monitoring & Evaluation

The following activities are in place to ensure CalViva Health's oversight responsibilities over the delegation of HED programs, services and resources to Health Net:

- <u>Communications Review</u> -The CalViva Health Chief Medical Officer, Chief Compliance Officer
 or designee review and approve all health education materials created by the HED before
 distribution to CalViva Health members.
- Reports The CalViva Health QI/UM Committee oversees the HED programs and reviews the Health Education Department program description, work plan, and reports to ensure planned interventions are in place and completed by target date.
- <u>Audits</u> CalViva Health conducts an oversight audit of health education activities performed by the HED. The main elements covered in the audit include but are not limited to: establishing, administrating, and monitoring of the health education system, assessing the need for health education, and health education material development and approval process. The results of the audit are shared with the HED, the QI/UM Committee, and the RHA Commission.

Program evaluation for CalViva Health's health education programs and services include both process and outcome measures. Process measures will assess the extent to which the delivery of services is consistent with program design specifications and the level of utilization, such as monitoring of program participation and program feedback. Outcome evaluation will assess the amount and direction of change in knowledge, attitudes, and behaviors that have occurred with an intervention, such as for a health education class. An annual work plan is developed with measurable objectives, rationale, barriers, and outcomes, and is reviewed and updated to monitor and evaluate progress every 6 months.

I. Purpose

The purpose of the CalViva Health (CVH) Health Education Work Plan is to provide a systematic plan of health education activities for the calendar year. It also documents the outcomes of proposed health education programs and services. The implementation of this plan requires the cooperation of CVH senior staff management and multiple departments such as Cultural and Linguistic Services, Quality Improvement, Utilization/Care Management, Members Services, Marketing, and Provider Relations.

II. Goals

- 1. To provide free, accessible, culturally and linguistically appropriate health education and health equity programs, services and resources to:
 - aid members and the community to achieve good health and overall wellbeing,
 - positively impact CVH's health care quality performance rates, and
 - positively impact member satisfaction and retention.
- 2. To increase the quality, availability, and effectiveness of health education through internal and external partnerships and collaborations.

III. Objectives

- 1. Encourage members to practice positive health and lifestyle behaviors.
- 2. Promote members to appropriately use preventive care and primary health care services.
- 3. Teach members to follow self-care regimens and treatment therapies.
- 4. Support provider offices for efficient and cost effective delivery of health education services and referrals.

IV. <u>Selection of the Health Education Department Activities and Projects</u>

The Health Education Work Plan activities and projects are selected from results of CVH group needs assessment report (i.e., demographics, health status, risk factors, and surveys), regulatory requirements, department evaluation report from the previous year, HEDIS results, contractual requirements, and strategic corporate goals and objectives. After review and input from senior management staff, projects and new departmental activities are identified and incorporated into this work plan. Programs and services are developed with special attention to the cultural and linguistic needs of our membership. This work plan addresses the needs of our Medi-Cal (MC) members.

V. <u>Strategies</u>

The Health Education Work Plan supports and maintains excellence in the health education department's activities through the following

strategies:

- increase provider support, resources and communication to ensure provision of comprehensive health care services;
- support community collaboratives to promote preventive health initiatives;
- enhance member utilization of health education and cultural and linguistic resources, help members better understand and manage their health conditions, and improve health care quality performance rates;
- improve the Health Education Department's efficiency; and
- meet compliance requirements.

The Health Education Department's (HED) main health focus areas include: pregnancy, weight control, member engagement, smoking cessation, preventive health care services, chronic disease prevention, and health promotion.

Summary of Potential Fraud, Waste & Abuse cases

Since the 3/21/19 Commission Report, two new potential FWA case MC609s were submitted: One case involved a high prescriber of opioid "cocktails" (e.g., opioid, benzodiazepine, carisoprodol); The second case involved a mid-level practitioner potentially upcoding E&M services and excessively using a modifier (DHCS closed this case on 4/26/19 with no further action). We have also been informed that CA DOJ has opened a case on one of the January cases noted above related to billing issues and possible Stark Law violations. There were no cases that needed to be referred to other law enforcement agencies by the Plan.

| Compliance Oversight & Monitoring Activities | Description |
|--|---|
| CalViva Health Oversight Activities | Health Net CalViva Health's management team continues to review monthly/quarterly reports of clinical and administrative performance indicators, participate in joint work group meetings and discuss any issues or questions during the monthly oversight meetings with Health Net. CalViva Health and Health Net also hold additional joint meetings to review and discuss activities related other to critical projects or transitions that may affect CalViva Health. CalViva Health continues to review ongoing updates on Health Net's efforts to improve specialty provider access for CalViva Health members. |
| | Kaiser Post-Contract termination, encounter data submissions and other financial reporting will continue into 2019 and possibly 2020. |
| Oversight Audits | The following audits are in-progress: Annual Claims & PDRs, Continuity of Care, Quality Management, Pharmacy Services, Q4 2018 Provider Disputes, and Privacy & Security. The following audits have been completed: Access & Availability (No CAP), Q3 2018 Provider Disputes (CAP approved), Marketing (No CAP). An Executive Summary of 2018 oversight audit activities is included as an attachment to this report. |
| Regulatory Reviews/Audits | Status |
| Department of Managed Health Care ("DMHC") Alternative Access Standards Material Modification and Significant Network Change Amendment | When DMHC closed the Undertaking requirements related to the termination of the Kaiser contract, CalViva Health was required to submit a Material Modification for Alternative Access Standards, and a Significant Network Change Amendment. These filings were submitted in January, 2019 and since that time, the Plan has received and responded to several DMHC Comment letters related to these two filings. In response to the Plan's filings and previous Comment Letter responses, the DMHC has sent two additional Comment Letters for which CalViva must respond by 5/17/19 and 5/26/19, respectively. |
| Department of Health Care Services ("DHCS") 2018 Medical Audit | The DHCS Final Report was issued on December 17, 2018 and requested a CAP for a finding related to lack of documentation showing that new providers received the training package within 10-working days. On March 27, 2019 the DHCS approved CalViva Health's CAP and closed it out. |
| Department of Health Care Services ("DHCS") Encounter Data Corrective Action Plan | On March 19, 2019, DHCS sent written notice to CalViva Health that it closed the encounter data CAP. |
| Department of Health Care Services ("DHCS") Quality Corrective Action Plan | The Plan is scheduled to meet with DHCS on May 13, 2019 to review the CAP progress. Preliminary results show that all measures included in the CAP for Madera County have been achieved. Awaiting DHCS Final approval of the CAP. |
| Department of Health Care Services ("DHCS") 2019 Medical Audit and Department of Managed Health Care 2019 Medical Survey | DHCS and DMHC conducted their respective audits during the week of February 25, 2019, and the Plan is awaiting each Department's findings. |

RHA Commission Compliance – Regulatory Report

| New Regulation / Contractual Requirements | |
|---|---|
| Health Homes Program (HHP) | The HHP is an integrated service delivery system for populations with complex, chronic conditions intended to improve outcomes by reducing fragmented care and promoting patient-centered care. This program will be implemented only in Fresno County initially. All required DHCS "deliverables" that were required to be filed by 5/1/19 have been filed. The Plan is currently evaluating recently received Community-Based Care Management Entities (CB-CME) applications to determine if they have the ability to implement the program successfully given the projected enrollment. Additionally, the Plan is assessing the financial feasibility of implementing the program in consideration of the substantial decrease in rates in the second year. DHCS has only approved two years of funding after which they believe the program should be self-sustainable. |
| Diabetes Prevention Program (DPP) | On April 12, 2019, CalViva received DHCS approval for the updated (erratum) Member Handbook DPP language. With the assistance of the Plan's administrator, Health Net, CalViva is working to ensure the DPP providers and vendors meet all the DHCS requirements to fully implement the program. |
| Committee Report | |
| Public Policy Committee | The next meeting will be held on June 12, 2019, 11:30 a.m. in Kings County, at 1400 Lacey Blvd., Hanford, CA |

SUBJECT: Oversight Audits of Health Net Community Solutions – 2018 Executive Summary

SUMMARY

In 2018, CalViva Health completed several Oversight Audits involving activities delegated to Health Net Community Solutions (Health Net) and their subcontractors. CalViva Health employs both "desk review" and "on-site" audit methods. These audits were comprised of interviews with key personnel at Health Net and subcontractors as needed, case file audits and desk reviews of evidence and documentation submitted to meet the required audit elements. An onsite audit was conducted for the Claims activities. Documentation reviewed included but is not limited to:

- Program Descriptions & Work Plans
- Policies and Procedures
- Functional Area Periodic Reports (e.g., Claims, A&G, UM, Credentialing)
- Individual case files
- Meeting Minutes
- Sample Template Letters and forms
- Tracking Logs
- Training Manuals
- Member Materials (e.g., Handbook/EOC, Welcome Packet)
- Provider Communications and Educational Materials
- Sub-delegated entity oversight reports

Overall, Health Net and their subcontractors performed well and fully complied with most requirements.

PURPOSE OF ACTIVITY

To perform oversight audits of the various functions and responsibilities delegated to Health Net to assess compliance with and adherence to CalViva Health's policies and procedures, state and federal regulations and contractual requirements. When noncompliance issues are identified, corrective action plans (CAPs) are implemented to improve quality and performance.

RESULTS & ANALYSIS

The following table summarizes the 2018 Oversight Audit results by functional area.

2018 CalViva Health Oversight Audit Results

| Function | Period Audited | CAP & Audit Completion Date | CAP Issue(s) |
|--------------------------------|---|--|--|
| Appeals and Grievance | Jan 2016 to Dec 2016 | Completed 1/12/18 No CAP | Discretionary improvement recommendations made |
| Call Center/Member Services | Oct 2016 to Sept 2017 | Phase 1 – Desktop Completed 4/23/18 No CAP | This audit was completed in two phases. Phase 1 was a desk audit and no CAP was needed. |
| | May 2018 to July 2018 | Phase II – Recorded Calls (a total of 65 CalViva Member Service calls and calls handled by sub-contracted organizations) Completed 11/9/18 CAP | Phase II was conducted by listening to actual recorded calls. Findings for some calls included not identifying plan as CalViva, representatives not addressing the caller's issues accurately, completely and with proper knowledge of CalViva Plan guidelines. CAP completed & accepted 12/27/18. |
| Claims | Jan-2017 to Dec. 2017 Case files Q4 2017 | Completed 6/5/18 CAP | Files audited did not meet standard of at least 95% of cases resolved within DHCS 30 calendar day turnaround time. CAP completed & accepted 7/10/18. |
| Credentialing | Jan 2017 to Dec 2017 | Completed 12/4/18 No CAP | Discretionary improvement recommendations made |
| Cultural and Linguistics | Jan 2017 to Dec 2017 | Completed 8/28/18 No CAP | |
| Emergency Services | Jan 2017 to Dec 2017 | Completed 11/16/18 No CAP | |
| Privacy and Security | Jan 2017 to Dec 2017 | Completed 8/17/18 No CAP | |

| Function | Period Audited | CAP & Audit | CAP Issue(s) |
|---|----------------------|---------------------------------|--|
| | | Completion Date | |
| Provider Disputes (Annual) Findings also include quarterly PDR audit results for Q4 2016 – Q3 2017 | Oct 2016 to Dec 2017 | Completed 6/6/18 CAP | For Q4 2017, did not meet standard of at least 95% of cases resolved within 45 calendar day turnaround time. CAP completed & accepted 7/15/18. For the four quarterly audits (Q4 2016, Q1 2017, Q2 2017 and Q3 2017) findings included non-compliance with timely resolution standards of PDRs, timely acknowledgment of PDRs, incorrect use of letter templates and inaccurate processing (incorrect payment/interest amounts) of some PDRs. CAPs were completed and accepted at the time that the respective quarterly audits were completed. |
| Provider Network | Jan 2017 to Dec 2017 | Completed 10/10/18 No CAP | Discretionary improvement recommendations made |
| Utilization Management | Dec 2017-Jan 2018 | Completed 8/30/18 No CAP | Discretionary improvement recommendations made |

Individual oversight audit deficiencies requiring CAPs did not rise to a level that could potentially result in a failure to pass the audit. As reflected in the table above, issues primarily affected only one or two individual elements within the overall area audited. All other audits were favorable.

ACTIONS TAKEN

For those audits requiring CAPs, CalViva Health has received and approved Health Net's corrective actions.

NEXT STEPS

Continue to perform oversight audits of functions handled by Health Net and their subcontractors on the Plan's behalf and work with Health Net to improve administration of activities as applicable.

| Categories | Description |
| GRIEVANCE | Expression of dissatisfaction regarding any aspect of a plans or providers operations, contractual issues, activities or behaviors. |
| Expedited Grievances Received | Grievance received in the month with a TAT of 3 calendar days |
| Standard Grievances Received | Grievances received in the month with the standard 30 days TAT |
| Total Grievance Received | Amount of cases received within that month |
| Total Onoraliso Nosonoa | |
| Grievance Acknowledgement Sent Noncompliant | The number of Acknowledgement letters not sent within the 5 calendar day TAT |
| Grievance Acknowledgement Compliance Rate | Percentage of acknowledgement letters sent within 5 calendar days |
| - | |
| Expedited Grievances Resolved Noncompliant | Expedited grievances closed after the 3 calendar day TAT |
| Expedited Grievances Resolved Compliant | Expedited grievances closed within the 3 calendar day TAT |
| Expedited Grievance Compliance Rate | Percentage of Expedited Grievances closed within the 3 calendar day TAT |
| | |
| Standard Grievances Resolved Noncompliant | Standard 30 day grievance cases closed after the 30 day TAT |
| Standard Grievances Resolved Compliant | Standard 30 day grievance cases closed within the 30 day TAT |
| Standard Grievance Compliance Rate | Percentage of cases closed within the 30 calendar day TAT |
| | |
| Total Grievances Resolved | Amount of cases closed for the month |
| Overlite of Overries Outstanding | Grievances Related to non clinical concerns/administrative issues |
| Quality of Service Grievances Access to Care Grievance - Other | |
| | Long wait time for a scheduled appointment or unable to get an appointment with an ancillary provider |
| Access to Care Grievance - PCP | Long wait time for a scheduled appointment or unable to get an appointment with a PCP |
| Access to Care Grievance - Physical/OON | Access to care issues specifically due to physical distance or provider not being contracted with the plan |
| Access to Care Grievance - Specialist | Long wait time for a scheduled appointment or unable to get an appointment with a specialist |
| Administrative Grievance | Balance billing issue, claims delay in processing |
| Continuity of Care - Acute | Quality of service complaint/dispute regarding the continuity of care for acute care, as perceived by the enrollee from a provider. |
| Continuity of Care - Newborn | Quality of service complaint/dispute regarding the continuity of care for newborn care, as perceived by the enrollee from a provider. |
| Continuity of Care - Other | Quality of service complaint/dispute regarding the continuity of care for any other care not already categorized, as perceived by the enrollee from a provider. |
| Continuity of Care - Pregnancy | Quality of service complaint/dispute regarding the continuity of care for pregnancy care, as perceived by the enrollee from a provider. |
| Continuity of Care - Surgery | Quality of service complaint/dispute regarding the continuity of care for surgery, as perceived by the enrollee from a provider. |
| Continuity of Care - Terminal Illness | Quality of service complaint/dispute regarding the continuity of care for Terminal Illness, as perceived by the enrollee from a provider. |
| Interpersonal Grievance | Providers interaction with member |
| Mental Health | Grievances related to Mental Health providers/care |
| Other | All other QOS grievance types |
| Pharmacy | Long wait time for the drug to be called in or refilled |
| | |
| Quality of Care Grievances | Grievances Related to clinical concerns/possible impact to members health |
| Access to Care Grievance - Other | Long wait time for a scheduled appointment or unable to get an appointment with an ancillary provider |
| Access to Care Grievance - PCP | Long wait time for a scheduled appointment or unable to get an appointment with a PCP |
| Access to Care Grievance - Physical/OON | Access to care issues specifically due to physical distance or provider not being contracted with the plan |
| Access to Care Grievance - Specialist | Long wait time for a scheduled appointment or unable to get an appointment with a specialist |
| Mental Health | Grievances related to Mental Health providers/care |
| Other | All other QOC grievance types |
| PCP Care | Grievances related to quality of care provided by a PCP |
| PCP Delay | Grievances related to a delay in care provided by a PCP |
| Pharmacy | Wrong drug dispensed or adverse drug reaction. |
| Specialist Care | Grievances related to quality of care provided by a Specialist |
| Specialist Delay | Grievances related to a delay in care provided by a Specialist |
| | |
| | |
| | |
| ADDEALO | ID-mark for an analytic Annual angulation and a superior desiring an advance of the superior flow |

| APPEALS | Request for reconsideration. An oral or written request to change a decision or adverse determination. |
|--|--|
| Expedited Appeals Received | Appeals received in the month with a TAT of 3 calendar days |
| Standard Appeals Received | Appeals received in the month with a TAT of 30 calendar days |
| Total Appeals Received | Amount of cases received within that month |
| | |
| Appeals Acknowledgement Sent Non-compliant | Total number of acknowledgement letters not sent within the 5 calendar day TAT |

| Appeals Acknowledgement Compliance Rate | Percentage of Acknowledgement letters sent with the 5 calendar day TAT |
|--|--|
| Appeals Acknowledgement Compliance Rate | recentage of Acknowledgement letters sent with the 3 calendar day 1A1 |
| Expedited Appeals Resolved Non-Compliant | Number of expedited appeals resolved after the 3 calendar day TAT |
| Expedited Appeals Resolved Compliant Expedited Appeals Resolved Compliant | Number of expedited appeals resolved within the 3 calendar day TAT Number of expedited appeals resolved within the 3 calendar day TAT |
| | Percentage of expedited appeals closed with the 3 calendar day TAT |
| Expedited Appeals Compliance Rate | referringe of expedited appears closed with the 3 calendar day TAT |
| Oten dend Anne de Decelhard New Consultant | Standard 30 day appeals resolved after the 30 calendar days |
| Standard Appeals Resolved Non-Compliant | Standard 30 day appeals resolved within the 30 calendar days Standard 30 day appeals resolved within the 30 calendar days |
| Standard Appeals Resolved Compliant | |
| Standard Appeals Compliance Rate | Percentage of Standard 30 calendar day TAT appeals closed within compliance |
| T 1 1 A 1 B 1 1 | Table work and any allow a bound for the worth |
| Total Appeals Resolved | Total number of appeals resolved for the month |
| | |
| Appeal Descriptions | |
| Pre Service Appeal | Any request for the reversal of a denied service prior to the services being rendered. |
| | |
| Consultation | Denied service due to medical necessity, lack of coverage. |
| DME | Denied item/supply due to medical necessity, lack of coverage. |
| Experimental/Investigational | Denied service because it is considered experimental/investigational |
| Mental Health | Denied Mental Health related service due to medical necessity, lack of coverage. |
| Other | All other denied services due to medical necessity, lack of coverage. |
| Pharmacy | Denied medication due to medical necessity, lack of coverage. |
| Surgical | Denied service due to medical necessity, lack of coverage. |
| | |
| Post Service Appeal | Any request for the reversal of a denied claim payment where the services were previously rendered. |
| Consultation | Denied service due to medical necessity, lack of coverage. |
| DME | Denied item/supply due to medical necessity, lack of coverage. |
| Experimental/Investigational | Denied service because it is considered experimental/investigational |
| Mental Health | Denied Mental Health related service due to medical necessity, lack of coverage. |
| Other | All other denied services due to medical necessity, lack of coverage. |
| Pharmacy | Denied medication due to medical necessity, lack of coverage. |
| Surgical | Denied service due to medical necessity, lack of coverage. |
| | |
| Appeals Decision Rate | Will include number of Upholds, Overturns, Partial overturns, and Withdrawals |
| Upholds | Number of Upheld Appeals |
| Uphold Rate | Percentage of Upheld appeals |
| Overturns - Full | Number of full overturned appeals |
| Overturn Rate - Full | Percentage of full overturned appeals |
| Overturn - Partial | Number of Partial Overturned appeals |
| Overturn Rate - Partial | Percentage of Partial Overturned appeals |
| Withdrawls | Number of withdrawn appeals |
| Withdrawl Rate | Percentage of withdrawn appeals |
| | 1 V 11 |

EXEMPT GRIEVANCE

Grievances received over the telephone that are not coverage dipsutes, disputed health care services involving medical necessity or experimental/investigational treatment that are resolved the the close of the next business day (1300.68 (d)(8).

| Exempt Grievance tab key – Calviva Dashboard | |
|--|---|
| Column Definitions. | |
| Date Opened | The date the case was received |
| SF# | The internal HealthNet system ID code for the CCC representative who documented the call |
| Rep Name | Name of the CCC associate who took the call |
| Sup Name | Supervisor of the CCC associate who took the call |
| Mbr ID | The Calviva Health ID number of the member |
| SPD | Marked "yes" if the member is part of the "Seniors & Persons with Disabilities" population |
| Date of Birth | Date of birth of the member |
| Mbr Name | Name of the member |
| Reason | The case was categorized as a Calviva Exempt Grievance, hence the reason it's on the report |
| Preventable | Used if an Exempt Grievance was determined to be preventable |
| Access to Care | Used if determined Exempt Grievance was related to Access to Care |
| Issue Main Classification | Case is categorized by type of complaint |

| Issue Sub Classification | Case is subcategorized by type of complaint |
|--|---|
| DMHC Complaint Category | Case is categorized based on the DMHC TAR template complaint category |
| Discrimination? | Marked "yes" if case involved perceived discrimination by the member, otherwise marked "no" |
| Resolution | The resolution to the exempt grievance is notated here |
| Date Reviewed | The date the case was reviewed by CCC exempt grievance personnel |
| Provider Involved | The provider involved in the exempt grievance is notated here |
| | The type of provider that is involved The type of provider that is involved |
| Provider Category | , , , , , , , , , , , , , , , , , , , |
| County | The county the member resides in is notated here |
| PPG | Whether the member is assigned to a PPG is notated here |
| Health Plan ID | The Internal HN Plan ID for the Provider Involved in the exempt grievance. |
| PPG Service Area | Internal HN Code for the PPG to whom the member belongs. |
| Yes | |
| | |
| Classification Definitions | |
| Authorization | Used when it's an Authorization/Referral issue related exempt grievance |
| Avail of Appt w/ Other Providers | The case is related to appointment availability of ancillary providers |
| Avail of Appt w/ PCP | The case is related to appointment availability of the PCP |
| Avail of Appt w/ Specialist | The case is related to appointment availability of a Specialist |
| Claims Complaint | The case is related to a claims issue/dispute |
| Eligibility Issue | The case is related to the members eligibilty or lackthereof. |
| Health Care Benefits | When it's an exempt grievance related to a specific benefit, eg transportation |
| ID Card - Not Received | The case is related to the member having not received their ID card |
| Information Discrepancy | When the exempt grievance is related to being given wrong or misleading information |
| Interpersonal - Behavior of Clinic/Staff - Health Plan Staff | The case is related to the interpersonal behavoir of a health plan staff member |
| Interpersonal - Behavior of Clinic/Staff - Provider | The case is related to the interpersonal behavoir of a provider |
| Interpersonal - Behavior of Clinic/Staff - Vendor | The case is related to the interpersonal behavoir of a vendor |
| Other | For miscellaneous exempt grievances |
| PCP Assignment | When the exempt grievance is specifically in regards to a PCP change or being assigned the incorrect provider |
| Pharmacv | The case is related to a pharmacy issue |
| Wait Time - In Office for Scheduled Appt | When the Access to Care complaint is in regards to wait time at a providers office |
| Wait Time - Too Long on Telephone | When the Access to Care complaint is in regards to being placed on hold or unable to get through by telephone |
| | |
| | This tab is used by the Reporting Team, CalViva, and A&G. The Reporting Team will use this tab to call out any outliers to the A&G team that were identified during the |
| | report creation such as trends or increase in volume of appeals and/or grievances. The Reporting team will send the outliers to the business when the Dashboard is sent |
| | for approval. CalViva will use this tab to call out any outliers to the A&G team that were identified during the report creation. The A&G Team will use this tab to call out any outliers to the A&G team that were identified during the report creation. The A&G Team will use this tab to document |
| | the reasons for the call out, trending, or unusual high numbers of complaints from the Reporting Team or CalViva on the outliers that were identified during the report |
| The Outlier Tab | creation or review of cases. |
| Month | This is used to track the month effected by the change that was made |
| Date | This is used to track the change was made This is used to track the date the change was made |
| Outlier | This is used to track the date the charge was made. This is the section that describes a brief explanation of the outlier such as increase number of PCP wait time complaints, trends, etc. |
| Explanation | This is the section that explains the outlier. This is the section that explains the outlier. |
| μλριατιατίστ | This is the section that explains the outlet. |

Excludes Kaiser membership and is addressed separately in a quarterly report by Kaiser Plan.

Per thousand members per month. PTMPM rates are calculated using the total number of appeals or grievances, divided by total membership and multiplied by 1,000

QIUM Quarterly Summary Report

REPORT SUMMARY TO COMMITTEE

TO: Fresno-Kings-Madera Regional Health Authority Commissioners

FROM: Patrick C. Marabella, MD

Amy R. Schneider, RN

COMMITTEE

DATE: May 16th, 2019

SUBJECT: CalViva Health QI & UM Update of Activities Quarter 1 2019 (May 2019)

Purpose of Activity:

This report is to provide the RHA Commission with an update on the CalViva Health QI & UM performance, program and regulatory activities in Quarter 1 of 2019.

I. Meetings

Two meetings were held in Quarter 1, one in February and one in March. A summary of the February activities was included in the March report to the Commission. The following guiding documents were approved at the March meeting:

- 1. QI/UM Committee Charter 2019
- 2. 2019 Quality Improvement Program Description
- 3. 2019 Quality Improvement Work Plan
- 4. 2019 Utilization Management Program Description
- 5. 2019 Case Management Program Description
- 6. 2019 Utilization Management/Case Management Work Plan

In addition, the following general documents were approved at the meeting:

Pharmacy Formulary & Provider Updates

- QI Reports The following is a summary of some of the reports and topics reviewed:
 - 1. The Appeal and Grievance Dashboard for January 2019 tracks volumes, turn-around times, and case classifications. Results demonstrate an increase in the volume of grievances (QOS & QOC) and an increase in appeals when compared to recent months, however, lower than same period last year. Turn-around times demonstrated good compliance for all metrics.
 - 2. **MHN Performance Indicator Report** In Q4, 19 of 20 metrics met or exceeded their targets. Performance was below target for Network Adequacy for Member Ratios of BCaBA/paraprofessional. MHN Provider Relations (PR) plans to complete the follow up outreach, collect the required data, and update the system.
 - 3. **PM 160 Reporting** is no longer mandated by DHCS. CalViva is phasing out these forms and training is underway to educate providers on how to appropriately code to capture required data elements. PM 160 data reporting will continue for submissions through the end of 2018.
- **UMCM Reports** During this reporting period the UMCM related reports included but were not limited to the following:
 - 1. **The Key Indicator Report (KIR)** provided data through January 31, 2019. A year-end comparison was reviewed with the following results:
 - Admits, especially for the TANF population increased similar to last year. Will track and conduct further analysis.
 - ER utilization has shown a slight decrease to date this year
 - Perinatal Case Management outreach attempts and engagement rates have increased.

Page 1 of 2 5/10/19

- Behavioral Health Case Management has been added and outreach attempts are increasing.
- 2. Utilization Management Concurrent Review & Inter-rater Reliability Reports. Report presents inpatient utilization data and clinical concurrent review activities for Q4 2018.
 - a. A decrease was noted in acute admissions across all populations
 - b. An increase in 30 day re-admits for both the SPD and Expansion populations was noted
 - c. The appropriate and timely disposition of complex patients with multiple social determinants of health remains the primary emphasis of the Concurrent Review Team.
 - d. Internal audit of staff performance met 90% standard in all areas.
- 3. **Delegated Specialty Referrals Reports** (La Salle, First Choice, IMG, Adventist, Central Valley Medical Providers). Access to specialty care for CVH members was evaluated with referral and denial rates and turn-around times within acceptable parameters. Continue to track and investigate delegates with higher volume of out of network referrals.
- Pharmacy Reports Pharmacy quarterly reports include Operation Metrics, Top Medication Prior Authorization (PA) Requests, and quarterly Formulary changes reviewed.
 - All fourth quarter 2018 pharmacy prior authorization metrics were within 5% of standard.
 - Inter-rater Reliability results met 90% standard.
 - Annual Quality Assurance Report demonstrated that cumulative results met standard for all quarters

II. HEDIS® Activity

In Q1, HEDIS® related activities focused on the following:

- 1. Finalizing and submitting the 2019 HEDIS® Roadmap by January 31, 2019.
- 2. MY2018 HEDIS® data gathering from clinics and providers throughout the three-county area with final submission to DHCS and HSAG by mid-June 2019.
- 3. In follow up to the DHCS Corrective Action Plan (CAP) related to 3 indicators below the Minimum Performance Level (MPL) in Madera County, the following activities occurred:
 - The Plan submitted its response on October 10, 2018, and it was accepted by DHCS.
 - The Plan met with DHCS on February 11, 2019 to review the CAP
 - Above MPL in Madera County for all three measures.
 - Next meeting between the Plan and DHCS is scheduled for May 13, 2019
- 4. Efforts continued for RY2019 Projects:
 - 1. Monitoring Patients on Persistent Medications (MPM) Madera County
 - 2. Avoid Antibiotics in Adults with Bronchitis (AAB) Madera County
 - 3. Breast Cancer Screening (BCS) Fresno County
 - 4. Comprehensive Diabetes Care (CDC) -HbA1c & Nephropathy -Fresno County

Two Performance Improvement Projects (PIPs), Childhood Immunizations and Postpartum Visits efforts continue. Two interventions have been initiated for each project. Initial results are positive. These projects will close on June 30th, 2019
